

IF NWT GETS A PIPELINE, WHO DOES WHAT?

Canadian Environmental Assessment Agency
Ph: (819) 953-0755
Website: www.ceaa.gc.ca

Supports environmental assessment, panel reviews and related activities of projects referred to the Minister of the Environment.

National Energy Board
Ph: (403) 299-2717
Website: www.neb-one.gc.ca

Evaluates and authorizes oil and gas pipeline construction; reviews and approves development plans; is the only designated regulatory agency under the *Mackenzie Valley Resource Management Act (MVRMA)*.

Mackenzie Valley Environmental Impact Review Board
Ph: (867) 766-7050
Website: www.mveirb.nt.ca

Conducts environmental assessments and environmental impact reviews under the MVRMA.

Mackenzie Valley Land and Water Board
Ph: (867) 669-0506
Website: www.mvlwb.com

Conducts preliminary screenings and issues land use permits and water licences on transboundary applications under the MVRMA.

Gwich'in Land and Water Board
Ph: (867) 777-4954
Website: www.glwlb.com

Conducts preliminary screenings and issues land use permits and water licences on development applications in the Gwich'in Settlement Area.

Sahtu Land and Water Board
Ph: (867) 598-2413
Website: www.slwlb.com

Conducts preliminary screenings and issues land use permits and water licences on development applications in the Sahtu Settlement Area.

Northwest Territories Water Board
Ph: (867) 669-2772
Website: n/a

Reviews and issues water licences in the Inuvialuit Settlement Region; is a regulatory authority under the *Canadian Environmental Assessment Act*.

Environmental Impact Screening Committee (ISR)
Ph: (867) 777-2828
Website: www.bmmda.nt.ca

Conducts environmental screenings of proposed developments on Crown lands within the Inuvialuit Settlement Region (ISR) and on Inuvialuit lands at the request of the Inuvialuit.

Environmental Impact Review Board (ISR)
Ph: (867) 777-2828
Website: www.bmmda.nt.ca

Conducts public environmental reviews of development proposals on Crown lands, as referred by the Environmental Impact Screening Committee.

Department of Indian Affairs and Northern Development
Ph: (867) 669-2413
Website: www.inac.gc.ca

Issues rights, leases, dispositions and authorizations on Crown lands; issues land use permits in the Inuvialuit Settlement Region; responsible for benefit provisions, royalties, inspections and ministerial approval of water licences requiring a hearing.

Fisheries and Oceans Canada
Ph: (867) 669-4912
Website: www.dfo-mpo.gc.ca

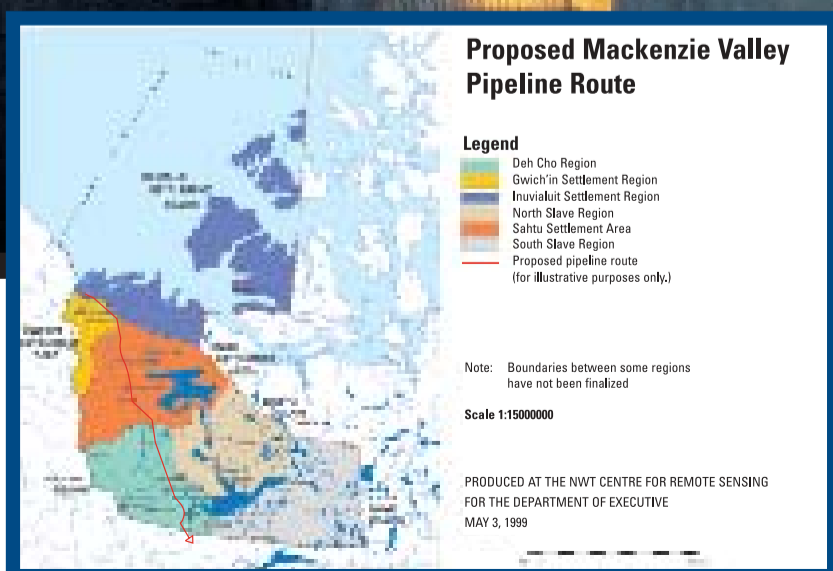

Reviews proposals related to oil and gas exploration and development and pipelines, conducts environmental assessments, and issues authorizations and permits, and monitors for compliance, under the *Fisheries Act*, *Oceans Act* and *Navigable Waters Protection Act*.

Environment Canada
Ph: (867) 669-4733
Website: www.ec.gc.ca

Reviews, issues and enforces wildlife protected area and Ocean Disposal permitting; provides research and advice to support land claims and environmental assessments; ensures compliance under the *Fisheries Act*; and is a Regulatory Authority under the *Canadian Environmental Assessment Act*.

GNWT - Resources Wildlife and Economic Development
Ph: (867) 873-7379
Website: www.rwed.gov.nt.ca

Reviews proposed oil and gas developments to assess impacts on wildlife, wildlife harvesting, forest resources and community economic and social well being. Provides advice in these areas to authorities responsible for the environmental assessment and review process.
