Class 2 - 19-22 Lbs - Eligible for grading into Canada Grade A Medium  
Class 3 - >22 Lbs - Eligible for grading into Canada Grade A Large
- Classes ordered

- Declarations
12. Grading stations shall declare their industrial product eggs to the Board no later than 12:00 noon on Monday of each week or on the next business day where Monday is a holiday. Declarations received after 12:00 noon will be rejected.
- Summary of available eggs
13. By 2:00 pm on each Monday afternoon, the Board will provide grading stations with a summary of nest run and graded eggs declared by each grading station.
- Idem
14. Provided nest run eggs in the ordered class are available from another grading station, the Board will direct the grading station ordering the nest run eggs to obtain its order from the most practical source and the Board will reduce the declaration of the source by the appropriate amount. The Board will take into account the following elements:
- [a] Where one grading station has sufficient nest run eggs to fill the order, and the other grading station does not have sufficient nest run eggs to fill the order, the Board will direct the grading station ordering the eggs to source the eggs from the grading station that has sufficient nest run eggs available.
- [b] Where one grading station does not have sufficient nest run eggs to fill the order, and the other grading station does not have sufficient nest run eggs to fill the order, but together the two grading stations have enough nest run eggs to fill the order, the Board will direct the grading station ordering the eggs to source the nest run eggs from the grading station with the most nest run eggs available first and to source the balance of the nest run eggs from the other grading station.
- [c] Where the two grading stations together do not have enough nest run eggs to fill the order, the Board will direct the grading station ordering the nest run eggs to source all available nest run eggs at both locations.

[d] Nest run eggs purchased by a grading station under this Order must be picked up by the end of normal business hours on Wednesday unless the purchaser and seller agree on another time.

Cost of  
purchased eggs

15. The grading station purchasing eggs under this Order shall be responsible for the cost of the eggs purchased and for all pickup and delivery costs and for the return of supplies to the selling grading station where the selling grading station provides the supplies or for pallets, fillers and dividers where the purchasing grading station provides the supplies.

Stabilization  
Payments

16. A grading station ordering nest run eggs from the Board will not receive stabilization payments on nest run eggs declared at the ordered class in the two weeks immediately following the week in which the order was filled up to the amount of nest run eggs sourced from other grading stations.

Idem

17. Where a grading station declares nest run eggs in section 16 above, the stabilization payments will be returned by the Board to the grading station(s) declaring nest run eggs on the same basis the stabilization payments were reduced when the order was filled.

Idem

18. Except as provided above, the following stabilization payments will be made by the Board:

[a] Stabilization payments will be made to grading stations on graded eggs at the rates established by the Board from time to time.

[b] Where no orders for nest run eggs are received by the Board, normal stabilization payments will be made to all grading stations declaring nest run eggs at the rate established by the Board.

[c] Where the Board directs a grading station or grading stations to supply nest run eggs to another grading station, the Board will reduce the nest run stabilization payments to the grading stations supplying nest run eggs on a pro-rata basis.

Example of a Reduced Nest Run Stabilization Payment

Grading Station "A" orders and receives 200 Boxes of Class 3 Eggs

Grading Station "B" Declares 300 Boxes of Class 3 Eggs

Grading Station "C" Declares 200 Boxes of Class 3 Eggs

Stabilization to Grading Station "B" is Reduced by 120 Boxes (300/500 X 200)

Stabilization to Grading Station "C" is Reduced by 80 Boxes (200/500 X 200)

19. The price at which a grading station shall sell another grading station nest run eggs purchased and sold under these guidelines shall be the lower of the cost of production or the producer price plus a handling fee of \$0.03 per dozen.

Payments by  
the Board

20. Where a shortage of eggs occurs at a grading station and the eggs are ordered and sourced through the Board from another grading station, the Board will pay the purchasing grading station \$0.03 per dozen for freight and additional handling which will be charged to the provincial stabilization account.

Maximum freight  
payments

21. The maximum amount of stabilization payments to be paid by the Board under section 21 shall be \$5,000 per annum up to a maximum of \$2,500 per grading station on nest run eggs only.

Effective date

22. This Order shall come into force on the 29th day of December, 2002.

Dated at Charlottetown, Prince Edward Island, this 3rd day of January, 2003.
