Introduction

The consolidated financial statements of the Province of Prince Edward Island are presented through the publication of the Public Accounts, Volume I. These statements consolidate the financial statements of the Province's Operating Fund with the financial statements of Agencies, Boards and Crown Corporations owned or controlled by the Province of Prince Edward Island.

The consolidated financial statements, and Operating Fund financial statements, are prepared on the accrual basis of accounting in accordance with the Public Sector Accounting Board standards of the Canadian Institute of Chartered Accountants. Other significant accounting policies used by the Province are described in the Notes to Financial Statements. The statements are prepared by the Comptroller and are audited by the Auditor General, who presents an annual report to the Legislative Assembly on the results of his audit.

The Public Accounts for the Year Ended March 31, 2005 consists of two volumes:

Volume I - Financial Statements presents the audited consolidated financial statements of the Provincial reporting entity as described in Note 1 to the financial statements.

Volume II - Operating Fund Financial Statements, Details of Revenues and Expenditures and Financial Statements of Agencies and Crown Corporations presents the audited financial statements of the Operating Fund, the unaudited details of revenues and expenditures of the Operating Fund and a reproduction of the available audited financial statements of the Agencies, Boards and Crown Corporations owned or controlled by the Province. Volume II can be ordered through the Province's web site.

The Public Accounts of the Province are tabled in the Legislative Assembly in accordance with Section 61 of the *Financial Administration Act*.

Internet Address - Volumes I and II of the Public Accounts are available on the Province's Website at:

Government of the Province of Prince Edward Island

Statement of Responsibility

Responsibility for the integrity, objectivity and fair presentation of the consolidated financial statements of the Province of Prince Edward Island rests with the Government. The financial statements are prepared by the Comptroller in accordance with the stated accounting policies of the Government as described in Note 2 of the financial statements.

These financial statements include a Consolidated Statement of Financial Position, a Consolidated Statement of Operations, a Consolidated Statement of Change in Net Debt, a Consolidated Statement of Cash Flows and notes and schedules integral to the statements. Together, they present fairly, in all material respects the Government's financial position at the fiscal year end and results of operations for the year ended March 31, 2005. More detailed information regarding the Government's financial position and operating results can be found in other sections of either Volume I or Volume II.

The Government is responsible for maintaining a system of internal accounting and administrative controls in order to provide reasonable assurance that transactions are appropriately authorized, assets are safeguarded and financial records are properly maintained.

On behalf of the Government

Hon. Mitch Murphy
Provincial Treasurer

December, 2005

Revenue

Consolidated Financial Statements

Total revenue for the Province in 2004/05 was \$1.1 billion, an increase of \$94.7 million over the previous year. Increases were mainly in Federal Government (\$56.5 million) and Taxes (\$26.1 million).

Expense by Ministry

Consolidated Financial Statements

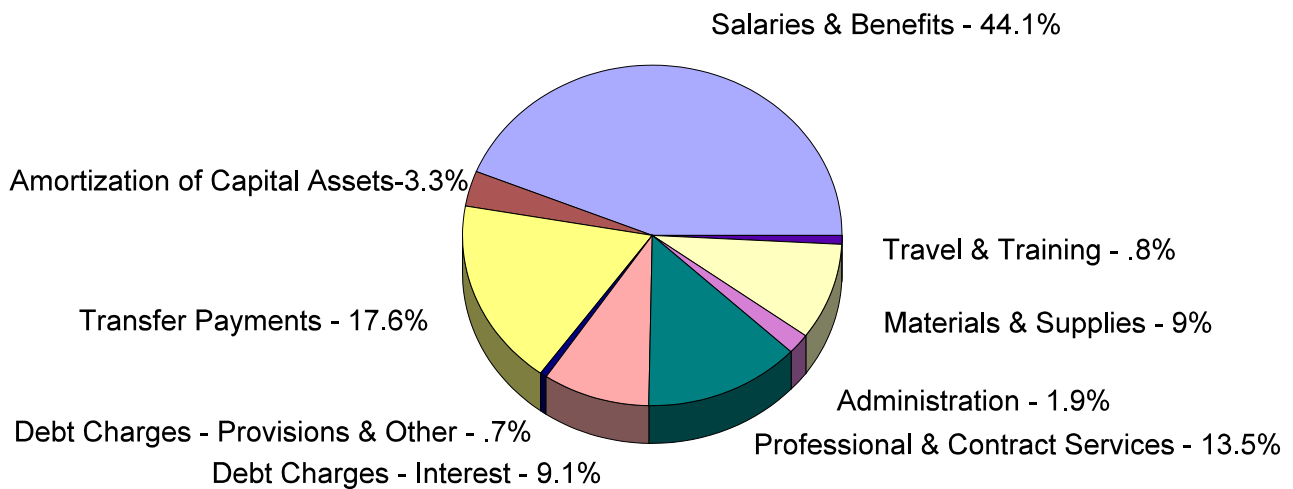

Total expense for the Province in 2004/05 was \$1.15 billion, an increase of \$3.2 million over the previous year.

Increases were mainly in Health and Social Services (\$19.1 million), Agriculture, Fisheries and Aquaculture (\$18.9 million) and Workforce Renewal Program (\$14.1 million). Increases in expenses were partly offset by decreases in Provincial Treasury (\$18.7 million), Public Service Commission (\$18.5 million) and Development and Technology (\$8.6 million).

Expense by Object

Consolidated Financial Statements

Total expense for the Province in 2004/05 was \$1.15 billion, an increase of \$3.2 million over the previous year.

Increases were mainly in Professional and Contract Services (\$29.5 million). Increases in expenses were partly offset by decreases in Debt - Provisions and Other (\$16.7 million) and Materials and Supplies (\$10.7 million).

AUDITOR'S REPORT

To the Members of the Legislative Assembly
Province of Prince Edward Island

I have audited the consolidated statement of financial position of the Province of Prince Edward Island as at March 31, 2005 and the statement of operations, change in net debt and cash flows for the year then ended. These statements are the responsibility of Government. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Province of Prince Edward Island as at March 31, 2005 and the results of its operations, the change in net debt and the cash flows for the year then ended in accordance with Canadian generally accepted accounting principles for governments as recommended by The Canadian Institute of Chartered Accountants.

Additional information and comments on the financial statements are included in my Annual Report to the Legislative Assembly.

PROVINCE OF PRINCE EDWARD ISLAND
Notes to the Consolidated Financial Statements
For the year ended March 31, 2005

1 Reporting Entity

The financial position of the Province is presented by a Consolidated Statement of Financial Position combining the statement of financial position of the Operating Fund and the balance sheets of such agencies, crown corporations and boards as determined under section 61(2) of the Financial Administration Act.

The following agencies, crown corporations and boards are included in the Consolidated Statement of Financial Position using the consolidation method of accounting. Under the consolidation method of accounting inter-organizational balances and transactions are eliminated. This method reports the organizations as if they were one organization.

Provincial Health Services Authority
East Prince Health
Kings Health Region
Queens Health Region
West Prince Health Region
Eastern School District
French Language School Board
Western School Board
P.E.I. Agricultural Insurance Corporation
P.E.I. Agricultural Research Investment Fund Inc.
P.E.I. Aquaculture and Fisheries Research Initiative Inc.
P.E.I. Business Development Inc
P.E.I. Crown Building Corporation
P.E.I. Housing Corporation
P.E.I. Human Rights Commission
P.E.I. Lending Agency
P.E.I. Museum and Heritage Foundation
P.E.I. Self-Insurance and Risk Management Fund
P.E.I. Special Projects Fund
Tourism P.E.I.

The Eastern, Western, and French Language School Boards have a fiscal year-end of June 30th. Unaudited financial information as of March 31, 2005 has been used for consolidation purposes.

The following agencies, crown corporations, and boards are included in the Consolidated Statement of Financial Position using the modified equity method of accounting. This method is used for government business enterprises which are defined as those agencies, crown corporations and boards which, (i) have the power to contract in their own name, (ii) have the financial and operating authority to carry on a business, (iii) sell goods and services to customers outside the provincial reporting entity as their principal activity and source of revenue, and (iv) are able to maintain their operations and meet their liabilities from revenues received from sources outside the provincial reporting entity. The modified equity method reports the percentage of a government business enterprise's net assets owned by the Province as an investment in the Province's Consolidated Statement of Financial Position. Inter-organizational balances and transactions are not eliminated. Schedule 6 presents condensed financial information of the following government business enterprises.

Charlottetown Area Development Corporation
Island Investment Development Inc.
Island Waste Management Corporation
P.E.I. Energy Corporation
P.E.I. Grain Elevators Corporation
P.E.I. Liquor Control Commission
P.E.I. Lotteries Commission
P.E.I. Regulatory and Appeals Commission
Summerside Regional Development Corporation Ltd.

The P.E.I. Grain Elevators Corporation has a fiscal year end of July 31, 2004.

The Consolidated Statement of Financial Position does not include the financial position of the Workers' Compensation Board of Prince Edward Island. The Board, as at December 31, 2004, had assets of \$95 million (2003 - \$79.9 million) and liabilities of \$107.8 million (2003 - \$108.7 million). The Board has the ability to establish premium rates sufficient to meet its financial obligations.

2 Basis of Accounting

- (a) The Province of Prince Edward Island accounts for its financial transactions in accordance with generally accepted accounting principles, which for the purposes of the Province's financial statements is represented by accounting recommendations of the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants (CICA), supplemented where appropriate by other CICA accounting standards.

(b) Financial Assets

Financial assets are those assets on hand at the end of an accounting period which could provide resources to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations.

Cash represents cash position including bank balances and term deposits.

Receivables are recorded for all amounts due for work performed and goods or services supplied in the fiscal year. A provision for loss is established for doubtful accounts.

Loans Receivable are recorded at cost. Where concessionary terms apply a discount to the loan's present value is included in deferred revenue. A provision for loss is established for doubtful accounts.

Property Holdings are recorded at the lower of cost or net realizable value. A provision for loss is established.

Investments are recorded at the lower of cost or net realizable value. A provision for loss is established.

Investment in Government Business Enterprises represents the net assets of government business enterprises recorded on the modified equity basis as described in Note 1 to these financial statements.

Sinking Fund assets are recorded at cost. A portion of the Sinking Fund assets are externally restricted.

Deferred Charges represent recorded expenses which will be included in the Consolidated Statement of Operations in future years.

(c) Liabilities

Deferred Revenue represents amounts received but not earned.

Payables, Accruals and other liabilities are recorded for all amounts due for work performed, goods or services received and other charges incurred in the fiscal year. Where concessionary terms apply a discount to the payable's present value is included in deferred charges.

Borrowings are recorded at face value.

Obligation Under Capital Lease represents the liability recorded for contractual arrangements which are deemed to be capital leases. Establishment of a capital lease recognizes the lease contract as a financing tool to acquire an asset.

Pension, Retirement and Other Future Employee Benefit Obligations represent the Province's net liability as calculated using an accrued benefits actuarial method on an accounting basis. The net pension liability represents the present value of accrued pension benefits less the market value of pension assets.

Union agreements provide for the accumulation of sick leave benefits by employees. However, there is no obligation for the Province to settle these amounts with cash payments. Consequently, no liability has been calculated by the Province and no accrual has been recorded in these financial statements for accumulated sick leave benefits.

Debentures represent the gross funded debt of Province of PEI public debenture issues, a private debenture issue and Canada Pension Plan debenture issues.

(d) Net Debt

The Province's financial statements are presented so as to highlight net debt as the measurement of financial position. The net debt of the Province is determined by its liabilities less its financial assets. Net debt is comprised of two components non-financial assets and accumulated deficits.

Non-Financial Assets

Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities. They are normally employed to deliver government services and may be consumed in the normal course of operations.

Tangible capital assets are valued at historical cost, or estimated cost where historical cost information is not available. Amortization methods and rates vary between the Operating Fund and some agencies. It is calculated using the straight line or declining balance methods at the following rates:

Land Improvements	10 - 40 years
Buildings and Improvements	10 - 40 years
Leasehold Improvements	Based on length of lease
Roads	10 - 20 years
Bridges	20 - 40 years
Motor Vehicles	4 - 10 years
Equipment	3 - 16 years
Other	5 - 40 years

Prepaid expenses are goods and services purchased which will provide economic benefits in future periods.

Inventories consist of items being held for resale and materials on hand which were purchased for consumption or use by the Province in the course of its operations. Inventories are recorded at cost and expensed as they are consumed or sold.

Accumulated Deficits

Accumulated deficits are the Net Debt of the Province less Non-Financial Assets. It represents the accumulated balance of deficits arising from operations of the Province.

(e) Revenues

Revenues are recorded on an accrual basis. Transfers from the Government of Canada, under Federal - Provincial fiscal arrangements, are based on estimates which will be adjusted against future years revenues when actual results become available.

(f) Expenses

Expenses are recorded on an accrual basis.

Capital expenditures are incurred in the acquisition, development or construction of capital assets and equipment. They do not include operational expenses. The acquisition of tangible capital assets are not reported as expenses in the year the assets are acquired. Tangible capital assets are included in the Province's Consolidated Statement of Financial Position as Non-Financial Assets and are amortized over their estimated useful life.

Transfer payments are transfers of money to individuals, organizations or other governments for which the government making the transfer does not receive any goods or services directly in return. Transfer payments are recognized by the Province as expenditures in the period during which both the payment is authorized and any eligibility criteria are met.

3 Change in Accounting Policy

For the fiscal year 2004-2005 the Province implemented Public Sector Accounting Board standards for the recording of inventories in the Operating Fund. Accordingly inventories for consumption for the Operating Fund are now reported on the Consolidated Statement of Financial Position as Non-Financial Assets. The recording of Inventory was implemented on a retroactive basis without restatement of prior periods. The opening Accumulated Deficit was reduced by \$2.6 million and the Annual Deficit was reduced by \$.9 million as a result of the change. With the exception of the PEI Museum and Heritage Foundation consolidated agencies and crown corporations recorded inventory as an expense when purchased in 2004-2005.

4 Province of Prince Edward Island Sinking Fund and Debt Reduction Fund**(a) Description of Sinking Funds**

The Province of Prince Edward Island Sinking Funds were established to reserve funds to meet future commitments and for debt retirement. Earnings on Sinking Funds are reflected as current revenue. The Sinking Funds are made up of two components:

Sinking Fund (Debentures)

Those funds in the Sinking Fund designated for debentures are considered to be externally restricted and as a result cannot be used for other purposes. Installment payments are made to the Sinking Fund from the Operating Fund, they are allocations within the Operating Fund, and as such, are not treated as an expense. The installment payments for the next five years are:

	(\$000)
2005-2006	14,160
2006-2007	16,358
2007-2008	15,658
2008-2009	14,500
2009-2010	14,500

Debt Reduction Fund

The Debt Reduction Fund was established from the over-funding of Provincial debenture issues and installments made to the Sinking Fund for Canada Pension Plan (CPP) debentures. There are no installment requirements for CPP debentures and there are no external restrictions on funds contributed to the Sinking Fund for the retirement of CPP debentures. The purpose of the Debt Reduction Fund is the retirement of public debt and the reduction of interest charges on debt. As at March 31, 2005 there were no funds being held in the Debt Reduction Fund.

(b) PEI Issues Held by the Sinking Fund

As at March 31, 2005 Sinking Fund investments include PEI Issues held but not cancelled in the amounts of:

	(\$000)		(\$000)
Debentures - Par Value	24,895	Book Value	26,685
Residuals - Par Value	114,942	Book Value	62,807

5 Solid Waste Landfill Closure and Post-Closure Liability

The collection and disposal of all solid waste generated in Prince Edward Island is included in the mandate of a provincial agency. The provincial agency is responsible for liabilities related to the closure and post closure costs of the East Prince Landfill Site, which was in use at March 31, 2005. The agency is also responsible for monitoring and dealing with post-closure issues at four landfill sites and approximately one hundred smaller community dumps which were closed prior to 2003. The Province is responsible for the costs associated with the closure and decommissioning of the sites closed prior to 2003.

The Province recognizes its responsibility regarding solid waste landfill sites but at this time is unable to estimate the costs involved due to the absence of a formal action plan. A provisional amount of \$350,000 was established in 2003 to deal with future costs (Schedule 12 - Accrued Liabilities).

6 Commitments

The nature of the Province's activities results in commitments against future appropriations through various multi-year contracts and obligations. Payments in respect of these contracts and agreements are subject to the approval of the Legislature through the annual budget process. Significant financial commitments at March 31, 2005 include:

(a) University of Prince Edward Island

The Province has committed to make payments over a sixteen year period, beginning in 2003/04, in the amount of \$376.5 thousand per year to the University of Prince Edward Island for the purpose of debt servicing.

(b) Summerside Recreational Complex

The Province has committed to make payments over a three year period, beginning in 2003/04, totalling \$1 million in support of Phase 1 of the Summerside Recreational Complex.

(c) P.E.I. Lending Agency

The corporation has approved, but not disbursed, loans at March 31, 2005 amounting to \$3.4 million (2004 - \$9.3 million).

(d) P.E.I. Business Development Inc

The corporation has approved, but not disbursed, loans at March 31, 2005 amounting to \$9.4 million

(2004 - \$22.6 million).

The corporation has indemnified lease payments to a landlord on behalf of a private company (Atlantic Beef Products). In the case of default by the private company, the maximum amount indemnified is \$108 thousand per month, pursuant to the lease ending February 2025.

(e) P.E.I. Special Projects Fund

The corporation has outstanding commitments under the Health Research Program totalling \$758 thousand at March 31, 2005.

(f) P.E.I. Lotteries Commission

The Province has entered into an arrangement whereby the Atlantic Lottery Corporation is to construct and operate a centre in Charlottetown, PEI, to provide gaming entertainment, restaurant services and new pari-mutual facilities intended to revitalize the harness racing industry in the Province. The project, including the purchase of land, is expected to cost \$27 million and is expected to be completed in the 2005-2006 fiscal year. All costs associated with the project are attributed to the Province of PEI. The costs are being capitalized in the Atlantic Lottery Corporation's accounts and the net proceeds from the centre's operations are expected to cover the debt amortization. The capitalized cost of construction in progress at March 31, 2005 was \$7.7 million.

(g) P.E.I. Energy Corporation

Subsequent to year end, the corporation entered into a contribution agreement with Industry Canada and Hydrogenics Corporation for the expenditure of up to \$2.5 million on the P.E.I. Wind-Hydrogen project over the next three years

(h) Island Waste Management Corporation

The corporation conducts a portion of its operations, the compost facility, pursuant to an operating agreement. The agreement provides for the payment by the corporation to the operator of the facility a minimum annual fee plus an excess tonnage fee. The minimum annual fee commitments under the operating agreement are as follows:

2006	\$ 1.4 million
2007	\$ 1.4 million
2008	\$.7 million

The corporation has entered into various agreements for the collection of recyclables, waste and compost materials. Minimum payments for the contracts currently in place for the next four years on these contracts are as follows:

2006	\$ 3.3 million
2007	\$ 2.6 million
2008	\$ 1.4 million
2009	\$.1 million

The corporation is undertaking the construction of an additional landfill cell. The cell is budgeted to cost \$1.7 million and will be financed by long term debt advanced by the Province.

(i) Leases

The Province is party to a substantial number of lease agreements for the rental of space and equipment. The following schedule shows the minimum annual lease payments in each of the next five years for those leases which are considered significant in relation to future operations:

Fiscal Year	Lease Payments (000)
2005-2006	7,583
2006-2007	6,214
2007-2008	3,988
2008-2009	3,824
2009-2010	3,548

Capital Leases

Costs associated with renovations to the Davies and Kelly Law Courts Buildings have been recorded as capital leases. These capital lease obligations are recorded as liabilities in the Consolidated Statement of Financial Position.

7 Contingent Liabilities

(a) Claims Outstanding

The Province is subject to legal actions arising in the normal course of business. At March 31, 2005 there are twenty-eight (2004 - thirty eight) outstanding claims arising from legal action in progress against the Crown. The cost to the Province, if any, cannot be determined because the outcome of these actions is uncertain.

The cost, if any, of twenty-four of the twenty-eight claims outstanding will be paid through the Prince Edward Island Self-Insurance and Risk Management Fund. The Prince Edward Island Self-Insurance and Risk Management Fund was established in 1988 under Part II of the Financial Administration Act. The Fund provides general liability insurance, errors and omissions insurance and primary property and crime insurance. At March 31, 2005, fund reserves were \$7.2 million (2004 - \$7.2 million). Claims amounting to \$1 million were settled in the current year (2004 - \$6 million). The estimated amount for claims outstanding at March 31, 2005 is \$1.2 million (2004 - \$.8 million). The fund carries an excess liability policy limiting the liability of the fund to \$5 million.

One of the four claims not being paid through the Self-Insurance and Risk Management Fund is a personal injury claim on allegations of abuse at the former Mt Herbert Orphanage. At March 31, 2005 there were fifty seven plaintiffs on notice of action.

(b) Prince Edward Island Agricultural Insurance Corporation

As of September 14, 2005 the PEI Agricultural Insurance Corporation received 47 written notices of appeal on behalf of the CAIS Appeals Subcommittee. These appeals have not yet been heard. As a result, the amount of the claims, if any, is not yet determinable.

(c) Credit Union Deposit Insurance Corporation

The Credit Unions Act states that the Province shall ensure that the obligations of The Credit Union Deposit Insurance Corporation (CUDIC) are carried out. The CUDIC provides deposit insurance coverage on deposits within established limits held by PEI credit unions. The CUDIC is funded by an assessment on insurable deposits in each of the ten credit unions. The Province holds two director positions on the CUDIC Board of Directors. At December 31, 2004 the CUDIC had an equity balance of \$5.5 million (2003 - \$4.8 million).

Based on unaudited information, at September 30, 2004 credit unions in Prince Edward Island held insurable deposits totalling \$433.3 million (2003 - \$433.2 million). The probability that the Province would be called upon to provide financial support to the CUDIC is unlikely due to the equity held by the CUDIC, Credit Union Central of Prince Edward Island and the ten credit unions on PEI.

(d) Guaranteed Debt

The Province has guaranteed the repayment of a variety of types of loans, including student loans. Guarantees amounting to \$133.6 million (2004 - \$99.4 million) are reported in Schedule 22.

8 Pension, Retirement and Other Obligations**(a) Basis of Accounting for Obligations**

The Province has adopted the recommendations of the Public Sector Accounting Board (PSAB) in accounting for its pension and other retirement obligation liabilities. Assumptions used in the valuation of these benefits and obligations are developed on two criteria; for funding purposes and for accounting purposes. The Province has been using assumptions developed for accounting purposes since the year ended March 31, 2002.

(b) Pension Funds**Civil Service Superannuation Fund**

Employees of the Province and certain of its' entities are entitled to receive pension benefits pursuant to the provisions of a pension plan under the Civil Service Superannuation Act. The plan is operated within the Civil Service Superannuation Fund which is not part of the Operating Fund of the Province. The Plan is funded by employee contributions equal to 6.95 percent of their salary (8.75 percent when not contributing to CPP) with the Province matching those contributions. In 2005, total employee contributions for current year's service were \$9.5 million (2004 - \$9.2 million). Investments of the Fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. By Act the Province is committed to make payments if the Civil Service Superannuation Fund is insufficient to provide for pension payments as they become due. Pension benefits are based on the number of years of service times 2% of the best three years' average salary. The plan provides for inflation protection to a maximum of 6 percent. At present the plan provides benefits to 1,571 retirees (2004 - 1,528); benefit payments were \$24.6 million in 2005 (2004 - \$21.6 million).

An amendment to the Civil Service Superannuation Act on May 4, 1995 provided for the significant reduction of the unfunded liability of the fund. The amendment called for a contribution from the government of \$11.6 million in 1995/96 and \$5.8 million in the years 1996/97 to 2004/05.

Teachers' Superannuation Fund

The Teachers' Superannuation Act established a fund for the payment of pensions to retired teachers or refund of contributions under certain circumstances. The plan is operated within the Teachers' Superannuation Fund which is not part of the Operating Fund of the Province. The Plan is funded by employee contributions equal to 7.2 percent of their salary (9 percent when not contributing to CPP) with the Province matching those contributions. In 2005, total employee contributions for current year's service were \$6.3 million (2004 - \$6 million). Investments of the Fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. By Act the Province is committed to make payments if the Teachers' Superannuation Fund is insufficient to provide for pension payments as they become due. Pension benefits are based on the number of years of service times 2% of the best five years' average salary. The plan provides for inflation protection to a maximum of 4%. At present the plan provides benefits to 1,224 retirees (2004 - 1,167); benefit payments were \$29 million in 2005 (2004 - \$26.7 million).

An amendment to the Teachers' Superannuation Act on May 4, 1995 provided for the reduction of the unfunded liability of the fund. The amendment called for a contribution from the government of \$23.6 million in 1995/96 and \$11.8 million in the years 1996/97 to 2004/05.

Pension Plan for Members of the Legislative Assembly

An amendment to the Legislative Assembly Act in 1994 provided for an Indemnities and Allowances

Commission to review and determine the remuneration and benefits to be paid to the Members of the Legislative Assembly, Ministers, the Speaker, Opposition House Leader, Government Whip and Opposition Whip. As a result of this amendment, a pension plan called the "Pension Plan for Members of the Legislative Assembly of Prince Edward Island" was established by the Commission with an effective start date of July 1, 1994. The plan is operated within the Pension Plan for Members of the Legislative Assembly (1994) which is not part of the Operating Fund of the Province. The plan is funded by contributions from the members of the Legislative Assembly equal to 8 percent of their salary. Total member contributions for the current year were \$123.5 thousand (2004 - \$121.2 thousand). Investments of the fund are administered by external investment managers under policy guidelines set down by Executive Council and supervised by an advisory committee to the Provincial Treasurer. The Province is required to make contributions to the Fund to ensure that there is sufficient money to cover the cost of current service accruals as well as provide for the proper amortization of any unfunded liability. In January 2004, the MLA Pension Fund (Old Plan) was amalgamated with the Pension Plan for Members of the Legislative Assembly (New Plan). The amalgamation of the two funds has resulted in a funding surplus. The plan text and tax legislation requires that an employer contribution holiday must be taken while the plan is in a surplus position. Pension benefits are based on criteria which is different depending on the period of service. The criteria for the different periods are as follows:

- a. for the period up to and including June 30, 1994, annual member's pensions are equal to the lesser of 75% of contributions and the average annual indemnity during the last five years of service. Annual Ministers' pensions are equal to the lesser of 75% of contributions and one half of the highest annual salary as a Minister.
- b. for the period July 1, 1994 to March 31, 2001, benefits are based on the number of years of service times 2% of the best thirty-six consecutive months' average indemnity and salary earned by the member.
- c. for the period on or after April 1, 2001, benefits are 25% of the required contributions made by the participants commencing after April 1, 2001, indexed annually by the percentage increase in the Consumer Price Index, subject to a maximum increase of 8% per annum.

The plan provides a pre-retirement inflation protection equal to the increase in the Consumer Price index to a maximum of 8%. Post-retirement inflation protection is the increase in the Consumer Price Index minus 2%, to a maximum of 8%. At present the plan provides benefits to 76 retirees (2004 - 75); benefit payments were \$1.17 million in 2005 (2004 - \$1.37 million).

Pension Plan for Members of the Legislative Assembly (Supplementary)

The supplementary to the Pension Plan for Members of the Legislative Assembly was established effective April 1, 1999. The plan provides a pension which is supplementary to the benefits provided under the Pension Plan for Members of the Legislative Assembly. For service subsequent to June 30, 1994 the amount of benefit is approximately equal to those benefits provided by the Pension Plan for Members of the Legislative Assembly of Prince Edward Island. This plan is unfunded. The Province is responsible for the unfunded liability and makes payments from the Operating Fund as they become due. The plan provides for inflation to a maximum of 8%. At present the plan provides benefits to 25 retirees (2004 - 24); benefit payments were \$88 thousand in 2005 (2004 - \$76 thousand).

Senior Compensation Program

An executive compensation plan is provided to the senior management of the Province. The plan provides a pension which is supplementary to the benefits provided under the Civil Service Superannuation Act. Pension benefits are based on the number of years' participation in the senior compensation program to a maximum of 5 years times 2% of the best three years' average salary. This plan is unfunded. The Province is responsible for the unfunded liability and makes payments from the Operating Fund as they become due. The plan provides for inflation to a maximum of 6%. At present the plan provides benefits to 27 retirees (2004 - 24); benefit payments were \$335.8 thousand in 2005 (2004 - \$295.7 thousand).

Pension Plan for Judges - Old

The Provincial Court Act provides a pension plan for Provincial Court judges who were appointed before April 1, 1997. Pension benefits are based on two-thirds of the salary payable to the judge at the time of retirement. This plan is unfunded. The Province is responsible for the unfunded liability and makes payments from the Operating Fund as they become due. The plan provides for inflation to a maximum of 8%. At present the plan provides benefits to 3 retirees (2004 - 3); benefit payments were \$234.3 thousand in 2005 (2004 - \$227.9 thousand).

Pension Plan for Judges - New

The Provincial Court Act established a Judicial Remuneration Review Commission which reviews salary, benefits and expenses paid to judges. In February 2002, the Commission approved the establishment of a pension plan for judges appointed after March 31, 1997 which is supplementary to the benefits provided under the Civil Service Superannuation Act. Pension benefits are based on the number of years' service times 3% of the best three years' average salary less benefits received under the Civil Service Superannuation Plan. This plan is unfunded. The Province is responsible for the unfunded liability and makes payments from the Operating Fund as they become due. The plan provides for inflation protection to a maximum of 6%. At present there are no retirees under this plan.

Actuarial Valuations / Estimates

Actuarial valuations of the Province's pension funds are carried out every three years. An estimated update, which is a partial calculation based on an extrapolation of the most recent valuation, is calculated by the Province at the end of each fiscal year.

Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee group which is 6 years for MLAs and 13 years for all other groups.

Actuarial valuations and estimates are based on a number of assumptions about future events, such as inflation rates, interest rates, wage and salary increases and employee turnover and mortality. The assumptions used reflect the Province's best estimates. The expected inflation rate is 2.5 percent. The discount rate used to determine accrued benefit obligation is 7.9 percent. Pension fund assets are valued at market values. The expected rate of return on plan assets is 7.9 percent. The actual return on plan assets was + 5.9 percent in 2005 (2004 - + 26 percent).

The following are the actuarial estimates at March 31, 2005

	Number of Members	Gross Pension Obligation 31-Mar-05 (\$000)	Pension Assets 31-Mar-05 (\$000)	Net Pension Obligation 31-Mar-05 (\$000)	Net Pension Obligation 31-Mar-04 (\$000)

(c) Retirement and Other Benefits

Employees of the Province are entitled to retirement allowances as provided for under collective agreements and terms of employment. Other benefit entitlements include workers compensation funding and payment of insurance policies. The Province obtains actuarial calculations of its liability for future employee benefits.

The following balances are actuarial estimates of future commitments to employees:

	Obligation 31-Mar-05 (\$000)	Obligation 31-Mar-04 (\$000)
Retirement Pay	50,674	48,881

Totals	28,657	19,173	(16,740)	3,103	34,193

* Current service cost for MLA Plan (Supplementary) includes a plan amendment cost of \$105.8 thousand

due to a change effective April 1, 2004 where pensionable earnings will now include non-taxable expense allowance (excluding any vehicle or mileage allowance) paid to participants.

(e) Other Pension Plans In The Health Regions and School Boards

Employees of the four health regions and the Provincial Health Services Authority, who are not part of the civil service pension plan, are part of the uniform pension plan for employees of all Prince Edward Island hospitals. The hospital pension plan is a defined benefit pension plan for basic pension contributions and a defined contribution pension plan for supplementary pension contributions. According to the most recent actuarial report, dated January 1, 2003, contributions to the pension plan are not sufficient to meet the requirements of the plan and a pension fund deficit in the amount of \$25.5 million existed at that date.

Non-instructional employees of the three school boards are part of a defined benefit / defined contribution pension plan. The expense of the school boards is limited to a matching contribution equal to the employee's portion. The most recent actuarial report, dated January 1, 2002, reported an actuarial surplus of \$74 thousand.

For the above described pension plans the Province records expense equal to the employer contributions and does not include the unfunded liability or surplus in the pension liability of the Province.

9 Supplementary Funding Government of Canada Health Transfers

The Province is receiving, from the Government of Canada, supplementary funding for health care. The Federal Government has set up trust funds to administer these special transfers. Since the first commitment was made in 1998/99 there have been a number of transfers. The Province is recording revenue received per the following schedules:

10 Restructuring of Departments

Effective October 5, 2004 the following changes were made to the Province's Ministries:

- The Department of Agriculture, Fisheries, Aquaculture and Forestry was disestablished.
- The Department of Environment and Energy was disestablished.
- The Department of Agriculture, Fisheries and Aquaculture was established.
- The Department of Environment, Energy and Forestry was established.
- Responsibility for the P.E.I. Human Rights Commission was transferred from the Department of Community and Cultural Affairs to the Office of the Attorney General.

The above changes have been applied retroactively with 2003-2004 revenues and expenses being restated. Changes in the 2004-05 Budget Estimates resulting from this restructuring are presented in Schedule 45.

11 Subsequent Event

In April 2005, the Province of Prince Edward Island announced changes to the Health and Social Services System.

The four existing regional health authorities and the Provincial Health Services Authority were disestablished with all programs and services to be subsequently provided from two newly established government departments, the Department of Health and the Department of Social Services and Seniors.

12 Measurement Uncertainty

Measurement uncertainty exists in financial statements when recorded amounts are based on assumptions or estimates. When estimates are used it is possible that there could be a material variance between the recorded amount and another reasonably possible amount. The accuracy of estimates depends on the completeness and quality of information available at the time of preparation of financial statements. Estimates are adjusted annually to reflect new information as it becomes available. Examples of where measurement uncertainty exists in these financial statements are the calculation of future pension obligations and the provision for losses on loans and accounts receivable.

13 Comparative Figures

Certain 2004 financial statement figures, presented for comparative purposes, have been reclassified to conform with 2005 financial statement presentation.

This schedule includes the tangible capital assets of the Province's Operating Fund and the tangible capital assets of consolidated agencies.

Amortization is calculated using the straight line and declining balance methods (see Note 2 (d)).

The Province's policy regarding revenues received for tangible capital assets is to reduce the cost of the asset by the amount of the revenue received. The following revenue offsets have been applied to assets:

	<u>2005 (\$000)</u>	<u>2004 (\$000)</u>
Federal Revenue	2,360	6,610
Donations	2,729	8,496
	<u>5,089</u>	<u>15,106</u>

Historical cost is still being gathered for certain land parcels. Adjustments to costs may be required when more information becomes available.

4 Student Loans

Effective August 1, 2001 the Province entered into an agreement with Credit Union Central of PEI for the funding and delivery of the PEI Student Loan Program. All provincial student loans issued under this program are guaranteed by the Province. As at March 31, 2005 student loans outstanding under this program totalled \$15.5 million (2004 - \$11.4 million).

Prior to August 1, 2001 the Province paid a risk premium, in lieu of providing loan guarantees, to banks who provided student loans. Under certain conditions loan guarantees are provided to these lenders by the Province. These conditions include loans to minors, loans to individuals who became disabled or deceased and loans to individuals with a history of credit abuse. The student loans outstanding, subject to these conditional guarantees, cannot be readily determined at year end.

A provision for losses on student loans in the amount of \$2.2 million has been recorded at March 31, 2005 (2004 - \$1.7 million). Management believes this provision is sufficient to cover losses on both student loan programs.
