*So summer's almost over... Already!  
But look on the bright side—Prince Edward Island autumn is right around the corner and just across the Strait. Fall on the Island—it's a bit of a secret, but a lot of local Islanders claim it as their favourite season. Mild temperatures, clear air, lots going on, and plenty of time to chat and take it slow. Sometimes you need a few minutes just to recover from summer! So pack away the fans and pool toys and come over to our gentle island where you can catch your breath. We promise you a rich and fertile landscape ripe with harvest colours, a schedule that allows for easy days of wandering followed by low-key evenings and quiet time together.*

A fall vacation here means no traffic, no line-ups and a host of easy-going activities to choose from. Picture a mid-morning brunch, a leisurely game of golf and dinner served in the dining room of your country inn. ## LIVE OUR HISTORY FROM 1864 TO MODERN DAY

**Founders' Hall – Canada's Birthplace Pavilion is a tribute to Charlottetown's important role in Canadian history as the "Birthplace of Confederation".**

At Founders' Hall, "The Time Travel Tunnel" will transport you back in time, leading you through the pages of Canadian history, starting at the 1864 Charlottetown Conference and concluding with the joining of Nunavut in 1999. Multimedia, innovation and modern day technology will engage you, while news reports and theatre tell the tales of politics and people.

Guided walking tours of the historic district with the Fathers and Ladies of Confederation depart daily from Founders' Hall (mid-May – mid-October).

Founders' Hall is located in a restored 1906 building that was a former CN rail car repair shop.
