## CHAPTER 25 - SUPERVISOR OF OIL TRANSFER OPERATION AND SUPERVISOR OF AN OIL TRANSFER OPERATION IN ARCTIC WATERS NORTH OF 60<sup>00</sup>'N

### PART I - GENERAL REQUIREMENTS OF APPLICANTS

- 25.1 Every applicant for a Certificate as Supervisor of an Oil Transfer Operation shall:
- (a) obtain a medical certificate prescribed by the Crewing Regulations;
  - (b) obtain a certificate of completion for each of the following courses from a school listed in TP 10655:
    - (i) Basic Safety (A1) of the Marine Emergency Duties Course, set out in TP 4957;
    - (ii) Advanced Oil Tanker Safety Course or Supervisor of an Oil Transfer Operation Course, set out in TP 8129;
    - (iii) Marine First Aid Basic Course, set out in TP 13008; and
  - (c) have a minimum of three months service that includes duties relating to oil transfer operations.
- Note: Supervisors of oil transfer operations may hold an officer's certificate that meets the requirements of the Marine Certification Regulations for oil transfer operations.
- 25.2 Every applicant for a Certificate as Supervisor of an Oil Transfer Operation in Arctic Waters, north of 60 degrees North, shall complete the requirements of subsection 25.1 and have a minimum of:
- (a) two Arctic shipping seasons of service under the supervision of a holder of a Supervisor of an Oil Transfer Operation in Arctic Waters Certificate; and
  - (b) have assisted in at least six oil transfer operations in Arctic waters during the period of service described in (a).
