

Appendix 8 — SOLEC 2000 Organizational Structure (simplified)

The chart below depicts a simplified SOLEC 2000 organizational structure. The members of the Indicator Group, the six Core Groups, and the Steering Committee as of October 1998 are listed in the *Selection of Indicators for Great Lakes Basin Ecosystem Health, Version 3*. These groups are dynamic in nature, therefore membership changes have occurred since SOLEC 98.

This report does not discuss the Biodiversity Investment Area group or the papers produced by this group—for more information on these papers please visit one of the SOLEC websites:
