General Index of Financial Information (GIFI)

As a corporation, you have to include financial statement information when you file a *T2 Corporation Income Tax Return*. When you use the GIFI, you do not need to submit your financial statements with your return and schedules. The GIFI is an extensive list of financial statement items where each item has a unique code (for example, cash is 1001).

You can find a complete listing of GIFI items and their codes in Appendix A on page 12.

When do you use the GIFI?

Use the GIFI to submit your financial statement information for both paper and Internet filed returns.

For more information about our Internet filing service, visit our Web site at www.cra.gc.ca/corporation-internet.

How do you use the GIFI?

The GIFI is available as part of tax preparation software programs certified by the Canada Revenue Agency (CRA). It is also included in some utility programs that allow you to import information from an accounting software program to a tax preparation program. If you do not use tax preparation software see "What is the GIFI-Short?" or "What are GIFI schedules?" on this page. After you choose a GIFI code for each item you report on your financial statements, you will send us only the item code and dollar amount when you use our Internet filing service, or when you print a copy and file it as part of your T2 RSI, Return and Schedule Information.

What level of detail is required with the GIFI?

The CRA needs the same level of detail with the GIFI as it used to need from traditional financial statements. For example, if your corporation's financial statements include 40 items such as cash, accounts receivable, total assets, sales, cost of sales, income taxes, and net income after taxes, we expect that same number of GIFI codes. There is **no** minimum number of GIFI codes needed for your return to be accepted. We need as many GIFI codes as it takes to represent your corporation's balance sheet and income statement in their entirety.

Note

Do **not** submit the working papers you use to show the accounts or sub-accounts, which make up a financial statement item.

What is the notes checklist?

The notes checklist is a short set of questions designed to determine who prepared the financial statements and the extent of their involvement, and whether they expressed any reservations. It also identifies the type of information contained in the notes to the financial statements. Complete the notes checklist that is included with the GIFI.

What about notes to the financial statements?

Submit any notes to your financial statements with your GIFI information. If you file electronically, you can include the notes in text format with your transmission. If you file a computer-prepared return, include a paper copy of your notes with your T2 RSI.

For more information on the notes checklist and notes to financial statements, see pages 7 and 8 of this guide.

What is the GIFI-Short?

If you do not use tax preparation software, and have both gross revenue and assets of less than three million each, use the paper version of the GIFI called the T1178, *General Index of Financial Information-Short*. You can choose from about 100 commonly used balance sheet and income statement items. Also included is a separate area of income statement items that can be used by farming corporations.

What are GIFI schedules?

If you do not use tax preparation software and do not fit the criteria for using the GIFI-Short, use the GIFI schedules. The T2SCH100, *Balance Sheet Information*, the T2SCH101, *Opening Balance Sheet Information*, and the T2SCH125, *Income Statement Information*, provide spaces in a column format for you to write in your GIFI field codes and corresponding amounts. The T2SCH141, *Notes Checklist*, is for completing the Notes Checklist.

Where can you get a copy of the GIFI guide with the GIFI list, the GIFI-Short form and guide, and the GIFI schedules?

Get this guide with the list of GIFI items, the GIFI-Short form and guide, and the GIFI schedules from our Web site at www.cra.gc.ca/t2return or by calling 1-800-959-2221.

General Information

Who can use the GIFI?

All corporations—except for insurance corporations—can file using the GIFI.

Insurance corporations

The GIFI does not currently meet the reporting needs of insurance corporations involved in underwriting (life insurers, deposit insurers, or property and casualty insurers). The GIFI does not include items specific to the insurance industry. You should continue to submit a paper copy of your financial statements along with your T2 return and schedules.

Non-resident corporations

You can use the GIFI when you report in unconsolidated Canadian funds. Do not use the GIFI if you are filing under section 115 of the *Income Tax Act* only because you disposed of taxable Canadian property or because you are a treaty-based exempt corporation.

Partnerships or joint ventures (also co-ownerships, co-tenancies)

Use the GIFI to report your own financial statement information, but not the financial statement information of partnerships or joint ventures you may be involved in.

For paper-filed returns, send financial statement information for a partnership or joint venture, with your return.

For returns filed using the Corporation Internet Filing service, send the financial statement information for a partnership or joint venture to your tax centre. Include a cover letter with your name, Business Number, and your taxation year-end. Identify the financial statements attached as those of partnerships or joint ventures in which you have an investment. Request these statements be included in the file of your corporation.

Inactive corporations

Use the GIFI to file your balance sheet information. You may have an income statement to file. If so, use the GIFI to file this information.

First year after incorporation

You may be filing for the first year after incorporation. If so, complete two balance sheets: an opening and a closing. If you are not using a software package approved by us to complete this information, and you are using the GIFI-Short form, write "opening" in the top right-hand corner of the appropriate balance sheet. If you are using the GIFI schedules, the T2SCH100, *Balance Sheet Information*, is for the closing balance sheet information and the T2SCH101, *Opening Balance Sheet Information*, is for the opening balance sheet information.

Deferred expense statements

You may be involved in exploration and development that has not yet generated significant sales revenue, and you may have capitalized deferred expenditures. If so, do **not** use the GIFI to itemize these expenditures. You should report the aggregate deferred expenditures as balance sheet information. As well, you have to report "0" in the required fields on your income statement information (see "Validity check items" on this page).

Reporting in Canadian funds

Report your financial statement information in Canadian funds even if you are a Canadian branch of a foreign corporation.

Reporting negative amounts

If you are using a software package, it will show you how to mark items as negative amounts. If you do not use a software package, you should mark negative amounts using brackets () or a minus sign "-".

Reporting in dollars

Report your financial statement amounts in actual dollars; do not report cents (for example, report cash of \$10,500.75 as 10501 at line 1001 – Cash). Do not report amounts in thousands (000) or millions of dollars.

Reporting unconsolidated financial statement information

Report your financial statement information for each legal entity (unconsolidated). Include all unincorporated branches or divisions within that legal corporate entity.

Reporting multiple lines of business

You may have multiple lines of business. For more information on how to report this type of situation using the GIFI, see Appendix B on page 26.

Using the GIFI

- 1. Select the items usually reported on your balance sheet from items in the 1000 to 3849 range.
- 2. Select the items usually reported on your income statement from items in the 8000 to 9970 range.

Note

Items 9370 to 9899 relate specifically to farming income and expenses.

3. Select the items usually reported on your extraordinary items and income taxes from items in the 9975 to 9999 range.

Validity check items

The GIFI information has to balance. We use the following rules to verify the information you provide.

- total assets = total liabilities + total shareholder equity
- total revenue total expenses = net non-farming income
- total farm revenue total farm expenses = net farm income

You have to provide certain line items so that we can verify the above equations. Each GIFI **must** include:

Balance sheet

Item 2599 – Total assets

Item 3499 – Total liabilities

Item 3620 - Total shareholder equity

Non-farming income and expenses

Item 8299 – Total revenue

Item 9368 – Total expenses

and/or

Farming income and expenses

Item 9659 – Total farm revenue

Item 9898 – Total farm expenses

When reporting a breakdown of retained earnings

Item 3849 – Retained earnings/deficit end

Extraordinary items and income taxes

Item 9999 – Net income/loss after taxes and extraordinary items

The amount of a required item may be NIL. If so, enter "0".

Note

These required fields **do not** represent the minimum number of items that need to be GIFI-coded and filed with the CRA. These are codes that must be included, along with all the other GIFI codes needed to represent a corporation's financial statements.

For an example of how to use the GIFI, see page 8

How to select GIFI items

The GIFI consists of items you find on a balance sheet and income statement. The balance sheet section consists of items pertaining to assets, liabilities, and shareholder equity. Items specific to retained earnings are included in this area as well. The income statement section consists of items you find under revenue, cost of sales, and expenses. Due to the specific reporting needs of the agriculture industry, we have provided a separate section for farming revenue and expenses. A section for extraordinary items and income taxes is listed after the farming section. For a complete listing of GIFI items, see Appendix A on page 12.

We have further divided the GIFI into blocks of items within these sections. The item at the start of each block is highlighted. This item represents the generic term for items within the block. You may not find the item that is an exact, or close match to the item on your financial statements. If so, use the generic item.

Note

The generic item at the start of each block does **not** represent the total of the items in the block.

Assuming that you will prepare the GIFI from your own financial statements, use the following process when you select GIFI items:

- try to select an exact match from the GIFI items on your financial statements;
- if you cannot find an exact match, select the most appropriate item; or
- if you cannot find an appropriate item, select the generic item.

Example

8760 Business taxes, licences, and memberships

8761 Memberships 8762 Business taxes 8763 Franchise fees 8764 Government fees

If your income statement usually shows an account for "business charges", you could use item 8760 to report this amount.

Reporting an amount that combines two or more items

An amount in your financial statement information may combine two or more GIFI items. To report this amount, determine which item is the greater or greatest amount and choose the most appropriate GIFI item.

Example

Cash and term deposits

If cash is the greater amount, report in GIFI item 1001 – Cash.

If **term deposits** is the greater amount, report in GIFI item 1181 – Canadian term deposits.

Example

Rent, taxes, and insurance

You could report this in 8911 – Real estate rental, 8762 – Business taxes, or 8690 – Insurance, depending on which amount is the greatest.

Completing the notes checklist

The notes checklist is included with the GIFI in all CRA approved software packages. Complete the notes checklist when you use the GIFI to report your financial statement information. It should be completed from the perspective of the person who prepared or reported on the financial statements. A copy of the notes checklist is on the next page.

Part 1 – Accounting practitioner information

Answer these two questions concerning the accounting practitioner who reported on, or prepared the financial statements of the corporation. Indicate whether the accounting practitioner has a professional designation and whether the practitioner is connected to the corporation by ticking either the *Yes* or *No* box for each question.

Note

If the accounting practitioner does not have a professional designation or is connected with the corporation, you do not have to complete Parts 2 and 3, *Type of Involvement* and *Reservations*. However, you do have to complete Part 4, *Other Information*.

Part 2 - Type of involvement

Choose the option that represents the highest level of involvement of the accounting practitioner.

Part 3 – Reservations

If you selected option 1 or 2 under *Type of involvement*, answer question 99, "Has the accounting practitioner expressed a reservation?" by ticking either the *Yes* or *No* box.

Part 4 – Other information

If you answer *Yes* to question 101, you **must** answer questions 102 to 107.

If you answer *Yes* to question 108, you **must** answer question 109.

Notes Checklist

Part 1 – Accounting practitioner information		
Does the accounting practitioner have a professional designation? 095	1 Yes	2 No
Is the accounting practitioner connected* with the corporation?	1 Yes	2 No
*A person connected with a corporation can be: (i) a shareholder of the corporation who owns more the (ii) a director, an officer, or an employee of the corporation; or (iii) a person not dealing at arm's length		
Note If the accounting practitioner does not have a professional designation or is connected with the corporomplete Parts 2 and 3 of this schedule. However, you do have to complete Part 4.	oration, you do	not have to
Part 2 – Type of involvement		
Choose the option that represents the highest level of involvement of the accounting practitioner:		
Completed an auditor's report		
Completed a review engagement report		
Conducted a compilation engagement		
Part 3 – Reservations If you selected option "1" or "2" under Type of involvement above, answer the following question: Has the accounting practitioner expressed a reservation?	1 Yes	2 No
Part 4 – Other information		
Were notes to the financial statements prepared?	1 Yes	2 No
If Yes, complete lines 102 to 107 below:		
Are any values presented at other than cost?	1 Yes	2 No
Has there been a change in accounting policies since the last return?	1 Yes	2 No
Are subsequent events mentioned in the notes?	1 Yes	2 No
Is re-evaluation of asset information mentioned in the notes?	1 Yes	2 No
Is contingent liability information mentioned in the notes?	1 Yes	2 No
Is information regarding commitments mentioned in the notes?	1 Yes	2 No
Does the corporation have investments in joint venture(s) or partnership(s)?	1 Yes	2 No
If Yes, complete line 109 below:		
Are you filing financial statements of the joint venture(s) or partnership(s) ?	1 Yes	2 No

Notes to the financial statements

You may have prepared notes to the financial statements. If so, include them with the GIFI. If you file electronically, you must include the notes with your transmission. Your software package should enable you to transfer the notes to the file you are transmitting, without re-keying.

Notes

You cannot include tables and graphs in the notes if you are filing electronically. You must convert this type of information to plain text.

You may choose to report on the GIFI breakdowns of items such as capital assets or investments shown in the notes.

Example

Your balance sheet shows fixed assets of \$31,500, with a breakdown found in the notes.

	Cost	Accumulated amortization	Net
Land	\$ 10,000		\$ 10,000
Buildings	\$ 20,000	\$ 3,000	\$ 17,000
Furniture and fixtures	\$ 5,000	\$ 500	\$ 4,500
Total	\$ 35,000	\$ 3,500	\$ 31,500

Using the GIFI, you could report the information from the notes as follows:

GIFI Code	Item	Amount
1600	Land	10,000
1680	Buildings	20,000
1681	Accumulated amortization of buildings	(3,000)
1787	Furniture and fixtures	5,000
1788	Accumulated amortization of furniture and fixtures	(500)
2008	Total tangible capital assets	35,000
2009	Total accumulated amortization of tangible capital assets	(3,500)

Example – Using the GIFI

The following example represents a typical set of financial statements.

■ Part 1 shows the item and amount reported on the financial statement, and the corresponding GIFI code and name.

■ Part 2 shows just the GIFI codes and amounts representing what the CRA receives either electronically or on paper if you use a software package to report your financial statement information.

Note

This example is only a guideline. It is not meant to dictate what to put on your statements or how to file.

Example 1

Part 1

Item description	\$ Amount	GIFI c	ode and name
Balance Sheet			
Assets			
Cash	2,540	1001	Cash
Accounts receivable			
(net of allowance for		1060	Accounts receivable*
doubtful accounts of \$25)	331		or
		1060	Accounts receivable
		1061	Allowance for doubtful accounts

	185,950	9368	Total expenses
Net income before taxes	5,446	9369	Net non-farming income
Income taxes	1,400	9990	Current income taxes
Net income (loss)	4,046	9999	Net income/loss after taxes and extraordinary items
Retained Earnings			
Net income (loss)	4,046	3680	Net income/loss
Deficit, beginning of year	(52,547)	3660	Retained earnings/deficit – start
Deficit, end of year	(48,501)	3849	Retained earnings/deficit – end

^{*} First item in two-item amount is greater (see "Reporting an amount that combines two or more items" on page 6).

Notes to financial statements

Note 1. Basis of Presentation

The financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada and using historic cost as the basis of presentation.

Note 2. Fixed assets

	Cost	Accumulated amortization	Net
Office furniture and equipment	9,793	4,010	5,783
Computer equipment	3,174	1,852	1,322
Computer software	3,665	3,665	
Machinery and equipment	37,981	16,072	21,909
Leasehold improvements	41,577	<u>20,788</u>	<u>20,789</u>
Total	96,190	46,387	49,803

Note 3. The investment is stated at cost and consists of shares in a Canadian affiliated corporation.

Example 2

Completed notes checklist		
Part 1 – Accounting practitioner information		
Does the accounting practitioner have a professional designation?	1 Yes 🗸	2 No
Is the accounting practitioner connected* with the corporation?	1 Yes	2 No 🗸
* A person connected with a corporation can be: (i) a shareholder of the corporation who owns more the (ii) a director, an officer, or an employee of the corporation; or (iii) a person not dealing at arm's length		· ·
Note If the accounting practitioner does not have a professional designation or is connected with the corporomplete Parts 2 and 3 of this schedule. However, you do have to complete Part 4.	oration, you do no	ot have to
Part 2 – Type of involvement		
Choose the option that represents the highest level of involvement of the accounting practitioner:		
Completed an auditor's report		
Completed a review engagement report		
Conducted a compilation engagement	<u> </u>	
Part 3 – Reservations		
If you selected option "1" or "2" under Type of involvement above, answer the following question:		
Has the accounting practitioner expressed a reservation?	1 Yes	2 No
Part 4 – Other information		
Were notes to the financial statements prepared?	1 Yes 🗸	2 No
If Yes, complete lines 102 to 107 below:		
Are any values presented at other than cost?	1 Yes	2 No 🔽
Has there been a change in accounting policies since the last return? 103	1 Yes	2 No 🔽
Are subsequent events mentioned in the notes?	1 Yes	2 No 🔽
Is re-evaluation of asset information mentioned in the notes?	1 Yes	2 No 🔽
Is contingent liability information mentioned in the notes?	1 Yes	2 No
Is information regarding commitments mentioned in the notes? 107	1 Yes	2 No 🔽
Does the corporation have investments in joint venture(s) or partnership(s)?	1 Yes	2 No4
If Yes, complete line 109 below:		
Are you filing financial statements of the joint venture(s) or partnership(s)?	1 Yes	2 No

Part 2 - GIFI code and amount sent to the CRA

GIFI code	Amount	GIFI code	Amount
1001	2540	3680	4046
1060	331	3660	(52547)
	or	3849	(48501)
1060	356	8000	191396
1061	25	8299	191396
		8521	675
1120	8947	8670	15708
1484	1813	8761	1575
1599	13631	8710	8564
		8762	5789
2008	49803	8690	3988
2242	1000	8810	3137
2599	64434	8860	975
2600	5000	8911	45703
2621	6797	8960	1255
2920	5104	9130	37591
3139	16901	9225	5512
3143	64634	9200	360
3260	29900	9060	55118
3450	94534	9368	185950
3499	111435	9369	5446
3500	1500	9990	1400
3600	(48501)	9999	4046
3620	(47001)		

Bolded amounts show items for which we need to verify accounting equations (see "Validity check items" on page 5).

Notes checklist

GIFI code	Value	
095	1	
097	2	
198	3	
099		No value is needed for question 99, since the answer to question 198 is "3."
101	1	
102	2	
103	2	
104	2	
105	2	
106	2	
107	2	
108	2	
109		No value is needed for question 109, as the answer to question 108 is "No."

In this example, all Parts of the Notes Checklist need to be completed because the accounting practitioner who prepared the financial statements has a professional designation and is not connected to the corporation.

Notes to the financial statements If you file a paper return, attach the notes to the financial statements to this GIFI listing. If you file electronically, include them in the transmission.

Appendix A – Complete Listing of the GIFI

The following is a complete list of the GIFI items. Some f I of the items include more detail as to the type of information you could report in the item.

Example 1001 Cash

You can use this item to report bank drafts, bank notes, cheques, coins, currency, money orders, postal notes, and post-dated cheques, as well as cash.

9012 Road costs

You could use this item to report snow removal as well as road costs.

Balance Sheet Information

Assets

Current assets

Garron	. 400010
1000	Cash and deposits
1001	Cash
	bank drafts, bank notes, cheques, coins, currency, money
	orders, postal notes, and post-dated cheques
1002	Deposits in Canadian banks and institutions –
	Canadian currency
1003	Deposits in Canadian banks and institutions –
	foreign currency
1004	Deposits in foreign banks – Canadian currency
1005	Deposits in foreign banks – foreign currency
1006	Credit union central deposits
1007	Other cash like instruments
	gold bullion and silver bullion
1060	Accounts receivable
	claims, dividends, royalties, and subsidies receivable
1061	Allowance for doubtful accounts
1062	Trade accounts receivable
1063	Allowance for doubtful trade accounts receivable
1064	Trade accounts receivable from related parties
1065	Allowance for doubtful trade accounts receivable
	from related parties
1066	Taxes receivable
	GST/HST, income tax refunds, and tax credits
	receivable

9899 Net farm income

amount reported should be equal to the amount reported at Item 9659 – Total farm revenue, minus the amount reported at Item 9898 – Total farm expenses

9970 Net income/loss before taxes and extraordinary items

represents the sum of Item 9369 – Net non-farming income, and Item 9899 – Net farm income

Extraordinary items and income taxes

9975 Extraordinary item(s)

includes gains/losses resulting from events that:

- are not expected to occur regularly over a period of years;
- do not typify normal business activities; and
- do not depend primarily on decisions or determinations by management

examples include the expropriation of a corporation's land and buildings for a highway, the destruction of a large portion of a wheat crop by a tornado, or an explosion in a nuclear reactor resulting in high-level radioactive emission

9976 Legal settlements settlement of royalties

9980 Unrealized gains/losses

unrealized gains/losses resulting from the adjustment of book values on the revaluation of assets

9985 Unusual items

asset valuation adjustments such as write-downs and write-offs to net realizable values, items to be scrapped, and gains/losses from discontinued operations or wind-up of subsidiaries/affiliates represents unusual and non-recurring items that do not meet the criteria set out for extraordinary gains/losses

9990 Current income taxes

Canadian income taxes, federal income/large corporation tax, previous year adjustment to federal income/large corporation tax, and provincial and territorial income taxes

9995 Future (deferred) income tax provision

Canadian income taxes deferred, provision for deferred income taxes, and provision for future income taxes

9999 Net income/loss after taxes and extraordinary items

represents the net amount of:

Item 9970 – Net income/loss before taxes and extraordinary items minus

Item 9975 – Extraordinary item(s) minus

Item 9976 – Legal settlements **plus**

Item 9980 – Unrealized gains/losses minus

Item 9985 – Unusual items minus

Item 9990 – Current income taxes minus

Item 9995 - Future (deferred) income tax provision

and **must** be reported (see "Validity check items" on page 5) – any amount reported in this item should be equal to the amount reported at Item 3680 – Net income/loss, in the retained earnings section

Appendix B – Reporting Multiple Lines of Business

Ome corporations, such as those involved in a business that receives income from different sources, choose to file a supplementary income statement for each operation. You can use the GIFI to report the information from the supplementary statements.

A corporation may receive rental income from several properties and may choose to complete a supplementary income statement for each of the properties; **or**, a manufacturing corporation may also have a retail outlet and choose to submit a supplementary income statement for the retail activity.

Another situation in which corporations may choose to submit a supplementary income statement is to report amounts broken down in the notes, such as rental loss.

Completing the main and supplementary income statements

- You must provide an operating name for each statement, except the summary statement (see the last bullet of this section), unless it is the same as the corporation's legal name.
- You must provide a description of the operation if it is different from the main activity.
- Each statement needs a sequence number. The income statement relating to the main activity must have sequence number 01. The supplementary income statements would be numbered consecutively from 02.
- A GIFI item can be reported on more than one statement. Refer to "Using the same GIFI item on different statements," on this page.
- Each statement should report items up to Item 9970 Net income/loss before taxes and extraordinary items. Extraordinary items and income taxes (Items 9975 to 9999) should **not** be reported on the main or supplementary income statements.

Note

The main income statement (sequence 01) should not include the net amounts for the information that you have included on the supplementary statements. As a result, some total lines and perhaps gross profit will be different from that which is shown on the corporation's financial statements.

■ You must provide a summary statement that reports the following: the sum of all amounts in Item 9970 on each income statement; any amounts reported in Items 9975 to 9995 (representing the extraordinary items and income taxes for the corporation); and the amount in Item 9999 (representing net income/loss after taxes and extraordinary items).

Using the same GIFI item on different statements

You can report the same GIFI items, which appear for the main activity, on your supplementary income statements. However, an amount you report on a supplementary income statement should not be included in the amount you report on the main income statement for the same item.

Example

A corporation that prepares multiple income statements may choose to report Item 8622 – Employer's portion of employee benefits, on each of its statements. The example following this section shows an amount for Item 8622 on each of the statements. Note that the amount reported at Item 8622 on Sequence 01 (main activity), does not include the amounts reported for Item 8622 on the supplementary income statements.

Example – Multiple lines of business

The following example represents the statements of a corporation whose main activity is manufacturing but is also involved in retail and equipment rental.

Part 1 shows the corporation's main income statement, which includes the net amounts for each of the supplementary income statements.

Part 2 shows how to report this type of information using the GIFI. Part 2 also shows how to balance your financial information. Note that the CRA would only receive the name, description of operations, and sequence number along with the GIFI code and amount.

Example

Multiple lines of business – Part 1 Main Income Statement

Revenue

Sales	1,500,000
Other revenue	1,500
