General Conditions for Entries and Advertisements in the Exhibition Catalog

Note

The only official print and online exhibition catalogs are exclusively published by NürnbergMesse. In case of offers from other companies or publishers, please contact NürnbergMesse.

1. Catalog contents, advertisement customers

The print catalog contains an alphabetical list of exhibitors, a list of products, advertisements, and possibly an alphabetical list of trademark/company logos. Entries in these lists and advertisements are possible only for exhibitors. The data can also be used for the online exhibition catalog.

2. Order forms

Catalog entries and/or advertisement orders are accepted by NürnbergMesse only in writing on the official order form. Special pages for advertisement orders are allocated in the order of receipt of the written orders.

3. Deadlines for returning forms

The deadlines for returning the forms for catalog entries and advertisements can be obtained from the respective application forms. The client is responsible for timely delivery of the advertisement text.

Orders for catalog entries received after the deadline can be included by the publisher in the catalog supplement at extra cost.

4. Responsibility for contents

The client is responsible for the content of catalog entries and any damages arising out of such content. The client bears the responsibility for the content and legal admissibility of graphic, photographic and text material provided for advertisements.

The print and online exhibition catalogs are drawn up and published by NürnbergMesse.

NürnbergMesse reserves the right to decline advertisement orders because of their content, origin or technical form if according to standard, objectively justified principles and at the due discretion of NürnbergMesse their content offends against laws, official regulations or good moral standards or NürnbergMesse cannot reasonably be expected to approve publication. Clients will be informed without delay if an advertisement order is declined.

5. Quality of printing material

The client is responsible for providing error-free printing material (print, online). A color sample is to be enclosed for color printing, otherwise no responsibility can be accepted for correct color reproduction.

NürnbergMesse will request replacement without delay if printing material is obviously unsuitable or damaged.

NürnbergMesse guarantees standard print catalog printing quality within the limitations imposed by the printing material. Graphic work and the preparation of films from fair copy drawings will be charged extra. The client may also be charged extra for major changes to previously agreed work.

The client is to bear any additional costs or losses in production due to defects in the printing material supplied which were not immediately apparent but first detected during processing. The actual print height usual for the type of advertisement is used as the basis for charging unless special sizes are stipulated.

6. Liability

NürnbergMesse and its employees and agents exercise the customary degree of care in accepting and checking advertisement texts, but are not liable for misleading or deceiving conduct by the client.

NürnbergMesse and its employees and agents are only liable for accidental omissions, printing errors, faulty workmanship of any kind, etc. if such defects can be proved to have been caused by intent or gross negligence. Any defects apparent must be registered by the client by not later than four weeks after the end of the event.

7. Cancellation of orders

Cancellation of advertisement orders must be made in writing. In case of cancelling before the due date, costs incurred prior to that date may be invoiced. The exhibitor also agrees to pay the full advertising costs if cancelling the advertisements after the due date to return printed matter.

8. Charging for entries and advertisements

The prices of the entries for a direct exhibitor and a co-exhibitor will be charged in accordance with the "Special Conditions for Participation" for the exhibition. These fees also include entries in the list of products.

The invoice for advertisement orders is due for payment without deductions immediately and in any event by not later than eight days after receipt of the invoice. A sample copy of the print catalog can be provided by NürnbergMesse on request. We will not grant discounts for advertising agency.

9. Force majeure

Occurrences of force majeure and labor disputes release the publisher and NürnbergMesse from any obligation to fulfill orders and pay damages.

10. Place of performance and jurisdiction

Place of performance and jurisdiction for all obligations arising out of the contract is Nürnberg. Place of jurisdiction for debt collection proceedings is Nürnberg. German law and the German text shall prevail.

6. Conclusion of contract

The exhibitor's binding declaration of the properties of the respective products in form E "Application for Admission as Exhibitor" and forms F1.–F.3 "Application for Admission of Products" are required for admission to

BioFach. Should it transpire before or during the exhibition that these declarations are incorrect, the articles concerned may be removed from the stand or the complete stand closed if the majority of the products are not admissible. Such action shall not affect the exhibitor's obligation to pay invoices.

Trade Fair BioFach 2007

Special Conditions for Participation

(Continued)

13. Stand design

The exhibitor is responsible for stand equipment and decoration.

The overriding principle for the design of all exhibition stands is transparency. All open sides of the stand must be freely accessible. This means that at least **50%** of the respective gangway side must not be obstructed by structures or fittings.

The standard height is 2.50 m.

The stand partition walls of all types of stands directly adjoining the stands of other exhibitors must not exceed a height of 3.50 m **unless permission** has been granted.

The backs of stand partition walls, advertising carriers or other design elements facing neighbouring stands and exceeding a height of 2.50 m must be of neutral design and clean and must not contain any text or graphics.

Stands exceeding the height of 3.50 m require the approval of the organizer.

The maximum stand height is 5.50 m.

If the rental exhibition stand is not used, a fascia (0.30 m high) must be fitted on all open sides of the exhibition stand. The fascia is not required, if the necessary stand appearance is provided in some other way.

The exhibition organizer reserves the right to give further instructions concerning the design of stands.

Only water-soluble adhesive may be used on the fiber board stand partition walls and these may not be painted unless they have first been covered with wallpaper. After the exhibition, wallpaper or other finishing material must be removed by the exhibitors, otherwise exhibitors will be charged with the costs.

All other stand partition walls, floors, hall walls, pillars, installations, fire-fighting equipment and other permanent hall fixtures must not be pasted over, nailed, painted or damaged in any way.

The exhibitor is liable for damage done and will be charged with the costs. Pillars, installations and fire-fighting equipment within the stand are part of the allotted stand space and must be accessible at all times.

Floor coverings in the stands are only to be fixed with double-sided adhesive tape (following tapes are to be used: tesafix no. 4964).

The exhibitor agrees to comply with these conditions. Non-compliance may result in claims for damages by the organizer or the neighbouring exhibitors affected.

14. Exhibitor passes

Each exhibitor will be given free passes according to stand size for his exhibition stand and operating personnel. 3 passes will be issued for up to 10 m² stand space, plus 1 pass for each further 10 m², up to a maximum of 15 free passes.

Joint stands receive 3 additional passes per co-exhibitor. Any additional exhibitor passes needed can be purchased for entitled persons at a price of EUR 28 each including VAT at the statutory rate.

15. Communication package for exhibitors (= direct exhibitors) (Catalog entries, link, new products, basic advertising material package, exhibition guide)

The organizer provides each exhibitor with a communication package containing the following services:

- Entries in the alphabetical list of exhibitors and list of products in the **printed** exhibition catalog (subject to the General Conditions for Entries and Advertisements in the Exhibition Catalog).

- Entry of exhibitor's company name and stand number in the **exhibition guide** (issued free to all visitors).

The exhibitor agrees to purchase the communication package for exhibitors at a price of EUR 265 plus VAT at the statutory rate.

This will be charged together with the stand rental. No reduction in price can be granted if only parts of the package are used.

Due to organizational matters only exhibitors whose complete applications are received by 5 December 2006 (closing date for print copy) (receipt stamp) will receive the basic advertising package

16. Co-exhibitors

Co-exhibitors are companies who appear on the exhibitor's (= direct exhibitor's) stand and present their own products with their own personnel. Their independence must also be recognizable without physical separation.

Co-exhibitors are only admissible if they fulfill the conditions for participation in the event and the information requested on the application form for co-exhibitors has been entered in full.

- **Free** exhibition catalog per co-exhibitor; issued at BioFach 2007.
- Entry of co-exhibitor's company name and stand number in the **exhibition guide** (issued free to all visitors).

The exhibitor agrees to pay a fixed participation fee and to purchase the communication package for co-exhibitors at a total price of EUR 315 plus VAT at the statutory rate for each co-exhibitor registered by him. This will be charged together with the stand rental or at a later date. No reduction in price can be granted if only parts of the package are used.

If required the basic advertising material package is also available for free mailing to co-exhibitors, as long as their complete registration is received (date-of-receipt stamp) by 5th December 2006 (printed matter deadline) – see communication package for direct exhibitors. The last mailing date for the basic advertising material package: 19th January 2007.

18. Exhibition priority

An application for exhibition priority for this event has been submitted to the Federal Ministry of Justice. The priority certificate protects certain patent rights until submission of an application to a patent office in Germany or abroad.

19. Prohibitive rules

- The products must be intended for resellers; private sales at the exhibition are prohibited.
- No stand is to be completely or partly cleared before the end of the exhibition.
- The serving of food and drinks for immediate consumption on payment requires special approval. Disposable crockery and cutlery is prohibited.
- Guest cards are only to be issued to trade visitors.
- Exhibitor passes are only to be issued to personnel working on the exhibitor's stand.

20. Exhibitor claims, written form, place of fulfillment, jurisdiction

All exhibitor claims against the organizer must be made in writing. The statutory period of limitation begins on the last day of the exhibition. Agreements that deviate from these or supplementary terms must be in writing.

German law and the German text shall prevail.

Place of fulfillment and jurisdiction is Nürnberg. However, the organizer reserves the right to bring his claims before the court of the place at which the exhibitor has his place of business.

General Conditions for Participation in Fairs and Exhibitions

In case of disagreement, the Special Conditions for Participation shall have priority over the General Conditions for Participation.

The invalidity of individual provisions of the General or Special Conditions for Participation shall not affect the legal validity of the remaining conditions. Any resulting gaps shall be filled in a way that preserves the purpose of the conditions for participation.

1. Application

Applications to exhibit at a fair or exhibition (event) must be made on the official printed "Application" form, which must be accurately completed and signed in legally effective manner. Such an application constitutes a contractual offer to the organizer.

By signing this form, the General and Special Conditions for Participation are recognized as binding by the applicant, who is also responsible and liable for adherence to the said conditions by persons employed by him at the event.

2. Admission and stand space confirmation

Admission of exhibitors and listed exhibits is a matter for the sole discretion of the organizer, who will confirm same in a written stand space confirmation. This is mechanically printed and signed and valid without written signature. The contract comes into force on confirmation of admission. Reservations or conditions stipulated in the application are invalid without the written confirmation of the organizer.

For materially justifiable reasons, especially should the available space be inadequate, the organizer may exclude individual exhibitors or suppliers from participation and/or restrict the event to specific groups of exhibitors or suppliers if deemed necessary for attaining the aim and purpose of the event. He is also entitled to restrict the listed exhibits and effect alterations to the exhibition space for which application has been made.

Admission applies only to the listed exhibits, the exhibitors specified in the confirmation of admission and the space stated therein. Other items than those listed and admitted cannot be exhibited.

3. Allotment of space

Allotment of space will be made by the organizer in accordance with the theme and arrangement of the fair or exhibition concerned and subject to the space available. Siting requests made in the application form will be considered as far as possible. Order of receipt of applications will not be the sole deciding factor for allotment of space.

The organizer is entitled, if necessary, to alter the size, shape and position of the allotted space. He will notify exhibitors of the necessity for such alteration immediately and, if possible, offer a comparable space elsewhere in the exhibition. If this entails an alteration in the stand rental, reimbursement or additional payment shall result. Exhibitors are entitled to withdraw their application within one week of receipt of such notification; neither party may claim compensation. Exhibitors must accept that the location of other stands at the beginning of the fair or exhibition may have altered since the time of admission; no claim may be made on account of such alterations.

Exchange of the allotted space with that of another exhibitor or transfer to a third party, even only in part, is not allowed without the permission of the organizer.

4. Joint exhibitors

If several exhibitors wish to share a stand, they must name a representative in their application form who is authorized to act on their behalf in negotiations with the organizer.

5. Co-exhibitors

Admission of one or more co-exhibitors is subject to a special fee. Responsibility for ensuring that co-exhibitors fulfill all their commitments shall rest with the principal exhibitor.

6. Stand rental, lien

Stand rentals and terms of payment are shown in the Special Conditions for Participation.

Payment of the stand rental must be made in accordance with the dates laid down before the allotted space may be occupied. Complaints about the invoice can only be considered if they are submitted within 14 days of invoicing.

The organizer is entitled to exercise his right of lien and sell any distrained property on the open market after written notice of intention. No liability will be accepted for damage to seized items unless deliberate or caused by gross negligence.

7. Withdrawal of application

Once admission has been confirmed, the exhibitor must pay the full rental even if he withdraws his application or fails to exhibit. The organizer also reserves the right to assert claims for damages.

If the organizer succeeds in re-letting the space, the original exhibitor shall be liable to the organizer for an amount equal to 25% of the agreed stand rental as compensation for costs incurred. The exhibitor retains the right to prove that such compensation is too high.

8. Cancellation of part of stand space

Once admission has been confirmed, the exhibitor must also pay the rental charge for the part of the stand space cancelled.

If the organizer succeeds in hiring out the cancelled part of the stand space elsewhere, he shall be entitled to compensation for costs amounting to 25% of the stand rental invoiced to the exhibitor for the cancelled part of the stand space, in addition to the rental for the stand space retained by the exhibitor. The exhibitor retains the right to prove that such compensation is too high.

9. Cancellation of admission and stand space confirmation

The organizer is entitled to revoke confirmation of admission and relet the space elsewhere as follows:

- The stand is not obviously occupied in good time, i.e. at least 24 hours before the official opening of the event.
- In case of failure to pay the stand rental at the agreed time, the exhibitor allows a period of grace granted by the organizers to lapse without result.
- The conditions for stand space confirmation are no longer fulfilled by the registered exhibitor or if the organizer receives knowledge of grounds which would have justified exclusion if they had been disclosed earlier.
- The exhibitor infracts the organizer's site regulations.

The organizer reserves the right to assert claims for damages in such cases.

10. Cancellation of rental exhibition stands and other services

Once admission has been confirmed, the exhibitor must pay the full rental even if he withdraws his application or does not exhibit. The organizer also reserves the right to assert claims for damages. If the exhibitor cancels the order for rental exhibition stands and/or other services up to 2 weeks prior to the start of the respective event, the organizer shall be entitled to charge the exhibitor 25% of the value of the order for costs incurred. In the event of cancellation at less than 2 weeks notice, the exhibitor will be charged 75% of the value of the order. The exhibitor retains the right to prove that the requested compensation for costs incurred is too high.

11. Exclusion of exhibits

The organizer is entitled to demand the removal of items which have not been listed in the application form or prove to be dangerous, a cause of annoyance or otherwise unsuitable, or which can be proved to be a violation of industrial property rights. If this demand is not complied with, the said items will be removed by the organizer at the expense of the exhibitor. If a violation of industrial property rights by an exhibitor is proved (e.g. on the grounds of a valid court ruling against the exhibitor), the organizer may exclude the exhibitor from participating in a subsequent event.

12. Stand assembly, equipment and design

Stands must conform to the overall layout of the exhibition. The organizer reserves the right to forbid the erection of stands which are unsuitable or inadequate or to alter them at the exhibitor's expense.

Stands must be properly equipped and manned by qualified personnel at the specified times for the entire duration of the fair or exhibition. Stand fitting must be completed at the latest by the end of the period allowed for stand assembly and stands cleared of any packing materials. Removal of exhibits or dismantling of stands before the end of the fair or exhibition is not permitted.

Names and addresses of exhibitors must be clearly displayed on the stands. The approval of the organizer is needed if stand constructions exceed the specified height limits for stands. Consent is also needed for particularly heavy exhibits. Fixing to the hall floor is not permitted.

General Conditions for Participation in Fairs and Exhibitions

(Continued)

After the official closing of the fair or exhibition, basic items, insofar as these have been provided by the organizer, must be returned undamaged and in their original condition. Damage caused through negligence or not immediately notified at the time of occurrence must be indemnified by the exhibitor. Exhibits which still remain on the stands after the end of the period allowed for dismantling may be removed and stored at the exhibitor's own expense.

13. Force majeure

If the exhibitor is prevented from participating in the event for reasons for which neither he nor the organizer is responsible (force majeure), the stand rental shall be reduced by half; the terms of item 7, paragraph 2, apply.

If the organizer is prevented by force majeure from holding the event, he is required to notify the exhibitors accordingly without delay.

Basically, the claim to stand rental is voided, but the organizer may charge the exhibitor for work carried out to his order to the extent of the costs incurred, insofar as the result of such work may still be of interest to him.

Should the organizer be in a position to hold the event at a later date, he is likewise required to notify the exhibitor to this effect without delay. The exhibitor is entitled to cancel his participation in the event at the new time within one week of receiving such notification, in which case he is entitled to refund or cancellation of the stand rental.

If the organizer is compelled to curtail or cancel an event for reasons of force majeure after it has commenced, the exhibitor has no claim to any refund or cancellation of the stand rental.

14. Assembly and dismantling passes, exhibitor passes

Passes for exhibitors and workmen employed during the period of stand construction and dismantling will be issued to the exhibitor. The validity of these is limited solely to the assembly and dismantling periods and does not cover admission during the event.

A limited number of free exhibitor passes will be issued to exhibitors and their employees for the period of the fair or exhibition.

These passes will be made out in the name of the persons concerned and must be signed. They are not transferable and only valid in conjunction with an identity card. Misuse of the passes will lead to their being withdrawn.

The number of passes issued is not increased by the inclusion of co-exhibitors. Additional passes are obtainable against payment.

15. Advertising

Advertising of all kinds is allowed only within the stand space rented by the exhibitor for his own firm and only for products and/or services produced or distributed by him, insofar as these have been listed in the application form and admitted.

The use of apparatus and equipment to achieve an increased advertising effect by optical and/or acoustic means requires the written consent of the organizer.

Advertising outside the stand space rented by the exhibitor is only possible as part of the advertising and sponsoring measures offered by the organizer.

Advertising of a political nature is forbidden.

16. Photographs, drawings, films

The organizer is entitled to have photographs, drawings and films made of the exhibition, exhibits and exhibition constructions and stands and to use these for publicity or press purposes without exhibitors being able to object for any reason. This also applies to photographs produced directly by the press or television with the consent of the organizer.

For photographs, drawings and films of stands against payment, exhibitors must only use service contractors authorized by the organizer and in possession of a relevant permit. Only these service contractors may be commissioned before or after the official daily opening hours. Other service contractors are not admitted during these hours.

Exhibitors are not permitted to produce photographs, drawings and films of the stands and exhibits of other exhibitors.

17. Direct selling

Direct selling is not allowed unless expressly permitted by the Special Conditions for Participation, in which case objects for sale must be marked clearly with their prices. Exhibitors are responsible for ensuring that they obtain the necessary permits from the relevant trade and health authorities and comply with regulations.

18. Cleaning

The organizer is responsible for general cleaning of the grounds and hall passages. Stand cleaning is the responsibility of exhibitors and must be completed daily before the opening of the fair or exhibition. Exhibitors should use the service contractor engaged by the organizer for stand cleaning.

19. Supervision

The organizer will arrange general supervision in the exhibition center. This shall not affect the liability provisions of item 20.

Exhibitors are strongly recommended to make their own arrangements for the security of their stands and exhibition items and effect appropriate insurance cover. Valuable items which can be easily removed should be locked away at night.

Additional stand supervision is available at the exhibitor's own expense by using the service contractor engaged by the organizer.

20. Liability, insurance, accident prevention

The organizer is liable to the exhibitor and persons authorized to act on his behalf for demonstrable damage incurred during the event in the exhibition center up to a limit of EUR 5,000 only if such damage is caused by the negligence of the organizer or his staff. The said limit does not apply in cases of deliberate damage or gross negligence. For damage resulting from failure of equipment, operational failures or other incidents having an adverse effect on the event, the organizer is liable only in case of deliberate intent or gross negligence. The organizer is not liable for damage, theft or other loss of exhibits and stand equipment and consequential damage.

The exhibitor is liable to the organizer in accordance with statutory regulations. Exhibitors are strongly recommended to take out exhibitors' liability insurance.

The exhibitor is obliged to fit the exhibited machinery and equipment with safety devices complying with the accident prevention rules of the appropriate professional associations. The organizer is entitled to prohibit the exhibition or operation of machinery and/or equipment at his discretion.

21. Protection of industrial property rights

Protection of copyright or other patent rights of exhibits is the responsibility of the exhibitor. A six-months period of protection from the beginning of an exhibition by reason of the law relating to the protection of inventions, samples and trade marks of 18 March 1904 (RGBl. page 141) only takes effect if the Federal Minister of Justice has published a relevant announcement in the Bundesgesetzblatt (Federal Law Gazette) for the event concerned (see Special Conditions for Participation, Exhibition priority).

Should legal action be necessary during the exhibition, please contact the following district court:

Landgericht Nürnberg-Fürth

Kammer für Handelssachen, Zivilkammer für Schutzrechtsverletzungen
Fürther Straße 110, 90429 Nürnberg

22. Site regulations, contraventions

Exhibitors shall agree to accept the site regulations during the fair or exhibition in all parts of the exhibition center. The instructions of the organizer's employees, who possess official identity cards, must be complied with.

Contraventions of the General and Special Conditions for Participation or instructions within the framework of the site regulations shall entitle the organizer, if such contraventions continue after warning, to immediate closure of the stand at the exhibitor's own risk and expense and without claim to compensation.

23. Place of fulfillment and jurisdiction

The place of fulfillment is Nürnberg. The same applies to the place of jurisdiction when the exhibitor is a merchant in his own right or a juristic person under public law or does not have a general inland place of jurisdiction.
