## 1. CONDITIONS GOVERNING ACCEPTANCE OF LIVESTOCK

- a) The client relieves and discharges Her Majesty the Queen from all claims and demands of any nature whatsoever arising from disease, injury, loss or conception of livestock placed in a Community Pasture. Although PFRA undertakes to provide reasonable care consistent with good livestock management of livestock placed in the Community Pasture, acceptance of livestock implies no guarantee of condition or health at fall roundup or of conception of an animal placed in the breeding field. The client acknowledges that PFRA may not test pasture-run bulls for any specific quality or for disease(s) prior to the breeding season.
- b) The Pasture Manager may refuse to accept for pasturage any animal whose condition is determined as being detrimental to other animals in the Community Pasture. At any time the Pasture Manager may request that weak or emaciated animals which are unlikely to survive be removed from the Community Pasture. All livestock entering the Community Pasture must comply with local bylaws and provincial and federal laws and regulations concerning the health of animals.
- c) The client must inform the Pasture Manager if they have not treated their cattle for blackleg. All cattle delivered to a Community Pasture which are considered by the Pasture Manager as not immune to blackleg will be inoculated with blackleg vaccine at the expense of the client.
- d) Cattle shall be dehorned in accordance with recommendations which have been passed at a Grazing Association meeting and subsequently approved by PFRA. Dehorning, ear tagging, branding, castration, vaccination and other services provided at the Community Pasture will be performed at the client's risk and expense. Clients must assist in these services when requested to do so by the Pasture Manager. Any or all of these services may not be available at a particular Community Pasture.
- \*e) All livestock delivered to a Community Pasture must carry identification which will clearly identify the client. Identification methods other than branding must be approved at a Grazing Association meeting and be satisfactory to the Pasture Manager. Where branding is utilized, each client must have a registered brand. Under no circumstances will unidentifiable livestock be accepted at a Community Pasture.
- f) No livestock will be accepted before May 1 and the final take-out date will be no later than October 31 of any given grazing season. Take-in dates will be decided by the Pasture Manager after consultation with the Pasture Advisory Committee (PAC) and the Land Manager. The Pasture Manager will advise the client of take-in date(s). Where no take-in date(s) has been set or the client fails to deliver on the designated date(s), clients must make arrangements with the Pasture Manager for delivery of livestock. This will be a matter of mutual agreement between the Pasture Manager and the client and will depend upon pasture operations at the time. Take-out dates will be decided by the Pasture Manager after consultation with the PAC and the Land Manager. The Pasture Manager will advise the client of the take-out date(s). Where no take-out date has been set the client must give the Pasture Manager seven (7) days notice when wishing to take delivery of their livestock. This will be a matter of mutual agreement between the Pasture Manager and the client and will depend upon pasture operations at the time. The client or their representative must be present to take delivery of the livestock at the time of take-out. Livestock not removed or otherwise arranged for at the time of take-out will be held and if not redeemed shall be disposed of according to law.

## 2. PASTURE FEES

The PFRA Land Management Division is responsible for establishing all pasture fees including grazing, breeding, sundry services and deposit rates. The grazing and breeding fees are calculated on a cost recovery basis. The fees also include a levy in lieu of taxes in the amount specified in the Federal-Provincial Agreements on Community Pastures. The fees are reviewed on an annual basis and are listed in the Community Pasture Current Rate Schedule. All grazing fees on adult livestock will be calculated on a daily basis beginning on the recorded date of entry and ending on, but not including, the date that the animal is removed. Where a client fails to deliver livestock on a specified take-in date, grazing fees will commence on that take-in date for all livestock that the client delivers after that date. Where PFRA fails to recover a client's livestock on an established take-out date, grazing fees will terminate on that take-out date. The minimum charge for grazing is one hundred (100) days for all adult animals except bulls rented for breeding purposes and stallions. Rented bulls and stallions will be charged for the actual number of days grazing. A seasonal breeding fee will be charged for each cow placed in a breeding field. A seasonal rate will be charged for walk-in or pasture born calves and walk-in or pasture born foals. A pasture born fee will be charged for all calves and foals born on pasture.

## 2. PASTURE FEES Cont'd

The grazing and breeding fees will not be charged for animals which are sent home by the Pasture Manager due to ill health or injury or are lost. All applicable sundry fee(s) will be charged for these animals. Each rented bull will be assessed an annual Bull Rental Charge. The client or their representative must be present to pay fees at the time of take-out. Livestock will not be released from the Community Pasture until all fees are paid. PFRA reserves the right to request that all or a portion of the fees be paid by certified cheque. The client will be notified in advance of this requirement. The Pasture Manager is directly responsible for the collection of all fees before livestock are removed from the Community Pasture.

## 3. INTEREST AND ADMINISTRATIVE FEES

Government regulations require the collection of interest on overdue amounts owed to Canada. The interest will be compounded monthly at the current Bank of Canada rate plus three percent (3%). Interest payable accrues during the period beginning on the due date and ending on the day the payment is received. There are also charges imposed for dishonoured instruments such as NSF cheques. These charges consist of a \$15.00 administrative fee plus any other charges levied by the bank, as well as an additional \$10.00 fee if Canada must issue a cheque to reimburse the bank. Accounts receivable (amounts owed to Canada) that are identified through an audit of the Cash and Livestock Receipt will be due on the date stipulated in the notification, or if no due date is provided, 30 days from date of the written notification. Interest charges, in accordance with the regulations, will be added to all amounts that have not been received by the due date.

## 4. THE CLIENT(S) MUST BE EIGHTEEN YEARS OF AGE

## 5. ACCESS TO INFORMATION AND PRIVACY

Applicants, please note that the information you provide on this document is collected by Agriculture and Agri-Food Canada under the authority of the Community Pasture Program for the purpose of determining grazing allotments on PFRA Community Pastures. Incomplete application forms may delay processing of the application. All personal information will be protected under the provisions of the Privacy Act and will be stored in the Personal Information Bank AGR/PPU 220. Personal information that you provide about another individual may be accessible to him or her under the Privacy Act. Information other than personal information may be accessible or protected as required under the provisions of the Access to Information Act.
