PROTECTED ONCE COMPLETED

(Please use ink and print)

I/We prefer future correspondence in: English French

PART A - APPLICANT INFORMATION

Langue de correspondance préférée : français anglais

Applicant Name(s) Social Insurance OR Business / HST Number
Postal Address / Street Address Telephone Number Facsimile Number
City / Town Province Postal Code E-mail Address Alternate Telephone Number
Contact Name and Title (If Different than Applicant Name) Telephone Number Facsimile Number
Rural Municipality of Project Lease or Grant Number
Legal Land Description of Project

PART B - PROJECT TYPE

1. I am applying for assistance to construct the following type of multi-user infrastructure project (Tier 2):
Regional Pipeline Tank Loader Well Reservoir Irrigation
Other (Specify)
2. I am applying for assistance to undertake the following type of strategic work (Tier 3):
Regional Groundwater Study Regional Groundwater Exploration Water Management/Water Supply Planning
Information Extension Feasibility Studies Other (Specify)

PART C - PROJECT INFORMATION

To ensure your application is complete and contains the information required for assessing the proposal, please answer Questions 1 through 9. (Attach additional pages as necessary.)
1. Provide the name of your legally incorporated group/organization and a brief description of your group/organization including its goals and objectives.
2. Describe the key objectives of the project and provide details of how these objectives will be achieved. The project design section should include details such as:
- Location(s) of project
- The main components (activities) of the project. Where appropriate, for each component, list:
- Methods / Materials
- Experimental Design
- Construction
- Description of analyses to be completed
- Methods for technology transfer

**PART C - PROJECT INFORMATION Cont'd**

3. If your proposal involves construction or distribution of a water supply, please identify:

- How many people will have access to the water
- Intended use of the water
- Expected yearly volume of use

4. Describe the problems that your project will address and describe how the project meets the objectives of the Canada-Newfoundland and Labrador Water Supply Expansion Program.

5. Provide background information about the problem, including what is already known about the issue and what information gaps, if any, exist. Briefly describe what you have already accomplished or attempted in order to solve the issue.

Examples of steps that may have been taken to address an issue may include, but are not limited to:

- Conducted literature review/identified gaps in knowledge of issue
- Determined regulatory framework
- Held public meetings to discuss issues
- Conducted preliminary tests/completed pilot study
- Completed feasibility plan
- Surveyed community

6. Describe the benefits of the project to your group, the agriculture sector, society and the environment.

7. If your proposal involves construction or distribution of a water supply, please attach a preliminary plan showing the approximate location and extent of the proposed project and any technical aspects of your project.

8. a) List any partners/collaborators of this project and briefly describe their roles within the project (any letters of support that you have should be appended).

b) Identify any groups or individuals that may be adversely affected by the project and describe how these issues will be addressed.

c) List any regulatory issues that may need to be addressed as a result of the project, and describe steps taken to deal with those issues.

9. a) Identify the major components of the project, what will be accomplished within each component and when, and the estimated costs to complete each component.

b) Describe who will be responsible for managing the project and ensuring the project is completed.

c) If the project involves infrastructure development, describe who will be responsible for maintenance and operation of the infrastructure in the long term.

d) List and describe other sources of funding that will contribute to this project.

**PART D - DECLARATION AND SIGNATURES**

I/We certify that the information as indicated on this application is true and correct in every respect.

I/We understand that one of a Social Insurance Number (SIN), Business Number (BN) or Harmonized Sales Tax (HST) number is collected under the authority of the *Income Tax Act* for the purpose of reporting income. I/We understand that information provided on this form is subject to the provisions of the *Privacy Act* and the *Access to Information Act of Canada*. Information will be stored in the AAFC PPU 225 Personal Information Bank.

I/We further understand that in the event that any personal information of mine/ours is collected by Agriculture and Agri-Food Canada for the purposes of this program it will be dealt with in accordance with the provisions of *The Freedom of Information and Protection of Privacy Act (Canada)*, as amended from time to time and I/we consent to such collection and use.

I/We authorize the Government of Canada to use the information contained within the application for other environmental programs administered by Agriculture and Agri-Food Canada.
