Cattle on feed in Alberta and Saskatchewan on August 1, 2001 was 2% higher than the same time last year. Marketing numbers were up 9% with slaughter numbers down 2% while exports of fed cattle in July almost doubled from last year. Fed exports from January - July this year are 27% higher than the same time last year. Placements were 23% larger this July over last, with the majority of the placements over 700 lbs. The largest difference in the placements was an increase of almost two and half times the number of feeders weighing 700 - 799 lbs. Placements are up this year over last as pasture conditions may have forced some yearlings to sell earlier than last year.
