

**VETERINARY HEALTH CERTIFICATE
EXPORT OF BOVINE SEMEN TO MALAYSIA**

SECTION I

- i) **Country of origin:** **CANADA**
- ii) **Issuing Authority:** **CANADIAN FOOD INSPECTION AGENCY
GOVERNMENT OF CANADA**
- iii) **Region:** _____
- iv) **Name of Consignor:** _____
Address: _____

- v) **Name of Consignee:** _____
Address: _____

SECTION II

- i) **Name of A.I. Centre (where semen collected):** _____
Address: _____

- ii) **Method and degree of dilution of semen:** _____

- iii) **Preservatives and antibiotics used:** _____

SECTION III: Health Certification

I, the undersigned Veterinarian, duly authorized by the Government of Canada do hereby certify that:

1. Canada has been free from foot and mouth disease, rinderpest, contagious bovine pleuropneumonia, vesicular stomatitis and lumpy skin disease, for the six (6) months immediately preceding the collection of the exported semen and has not been vaccinated against leptospirosis, brucellosis and foot and mouth disease.
2. The bull from which the exported semen was collected (hereinafter referred to as "the donor bull") had remained in Canada for at least six (6) months before the collection of the exported semen and has not been vaccinated against leptospirosis, brucellosis and foot and mouth disease.
3.
 - i) The donor bull and all other animals resident at the semen production centre were subjected to the following inspections within six (6) months before the date of collection of the exported semen:
 - a) Bluetongue - CF test (negative at 1:5) or agar gel immunodiffusion test or ELISA test
 - b) Brucellosis - serum agglutination test (less than 30 IU/ml) - complement fixation test
 - c) Epizootic hemorrhagic disease - agar gel immunodiffusion test
 - d) Leptospirosis - microtiter agglutination-lysis test (negative less than 50% agglutination at 1:100) for *L. pomona*, *L. hardjo*, *L. canicola*, *L. icterohaemorrhagiae* and *L. grippityphosa*
 - ii) The donor bull and all other resident animals were subjected to the following inspections within twelve (12) months before the date of collection of the semen to be exported with negative results:
 - a) Tuberculosis - intradermal tuberculin test
 - b) *Campylobacter fetus* - Culture of preputial cavity washings
 - c) Trichomoniasis - Microscopic examinations or culture of preputial cavity washings

- d) Paratuberculosis - complement fixation test or ELISA
 - e) Enzootic bovine leucosis - agar gel immunodiffusion test or ELISA
- iii) Following entry into the isolation facility of the semen production centre and having achieved six (6) months of age, the donor bull was subjected to a virus isolation test for bovine virus diarrhoea with negative results.
 - iv) The donor animal has been subjected to an ELISA test for infectious bovine rhinotracheitis with negative results during the six (6) months preceding collection or, following completion of the collections of semen destined for export to Malaysia, an aliquot of semen from the donor animal was subjected to a virus isolation test for infectious bovine rhinotracheitis with negative results.
- 4. At the time of collection of the exported semen, the donor bull and all other animals in contact were free from clinical symptoms of any infectious diseases.
 - 5. The exported semen was collected and processed under the supervision of a government veterinary officer or a veterinarian approved by the Government of Canada at an Artificial Insemination Centre approved by the Canadian Food Inspection Agency (CFIA) where sanitary conditions are secured.
 - 6. The diluent used for processing the exported semen was free from agents of animal diseases.
 - 7. Ampoules or straws used for packaging the exported semen were marked with the identification number, registration name of the donor bull and date of collection as shown above in this health certificate.

SAMPLE

8. Identification of the animals:

DONOR IDENTIFICATION	BREED	DATE OF BIRTH	PLACE OF BIRTH	DATE	NUMBER OF COLLECTIONS OF STRAWS

Total number of straws in consignment: _____

Markings on official seal placed on shipping containers: _____

_____ Date

_____ Official Export Stamp

_____ Official Veterinarian
 Canadian Food Inspection Agency
