I, the undersigned veterinarian, duly authorized by the Government of Canada do hereby certify that:

1. The donor bull from which the semen was collected is maintained in an artificial insemination centre which is under official veterinary control.
2. At the time of the collection of the semen, the donor bull was healthy and free from symptoms of infectious or contagious disease.
3. The donor bulls are free from sexually transmissible diseases including bovine genital campylobacteriosis, infectious bovine rhinotracheitis (IBR/IPV), brucellosis and trichomoniasis.
4. Official health tests were conducted in the herd of origin with negative results.
5. Sanitation practices observed during the collection, processing and freezing ensure the sanitary quality of the semen.
6. The artificial insemination centre is operated under official high standards of health and sanitation.
