Consignee: _____

Address: _____

Name of A.I. Centre (where semen collected): _____

Address: _____

I, the undersigned official Veterinarian, duly authorized by the Government of Canada, do hereby certify that:

1. The semen collected from a bull maintained in an artificial insemination centre which is under official veterinary control.
2. At the time of collection of the semen, the donor bull was healthy and free of evidence of disease.
3. All the animals maintained at the artificial insemination centre, including the donor bull, are recognized to be free of tuberculosis, brucellosis, leptospirosis, paratuberculosis, bluetongue, epizootic hemorrhagic disease, enzootic bovine leucosis, campylobacteriosis and trichomoniasis.
4. The donor bull has been subjected to the following tests with negative results:
 - a) tuberculosis - intradermal test
 - b) brucellosis - serological test
 - c) leptospirosis - microagglutination lysis
 - d) paratuberculosis - complement fixation or ELISA
 - e) leucosis - agar gel immunodiffusion or ELISA
 - f) bluetongue - complement fixation or agar gel immunodiffusion or ELISA
 - g) epizootic hemorrhagic disease - agar gel immunodiffusion
 - h) campylobacteriosis - culture
 - i) trichomoniasis - direct microscopic examination and culture
