

AGREEMENT AMONG RELATED LIFE INSURANCE CORPORATIONS (1998 and later taxation years)

- Related life insurance corporations that are liable to pay additional temporary Part VI tax under subsection 190.1(1.1) of the federal Income Tax Act should use this schedule to allocate the capital allowance among the members of the related group.
A life insurance corporation that carries on business in Canada at any time in a taxation year and that is related at the end of the year to another life insurance corporation that carries on business in Canada can file such an agreement.
In cases where a related corporation has more than one taxation year ending in a calendar year, it is required to file an agreement for each taxation year ending in that calendar year.
Attach additional schedules if space for agreement is not sufficient.
