

Excise Taxes and Special Levies Memoranda Series

NOTICE

Excise Duties and Taxes Division is currently developing a new series of Excise Taxes and Special Levies Memoranda. The series will combine information provided in the former Excise Memorandum (ET) series, in the GST Memoranda 800 series, *Other Taxes and Duties*, and notices published on excise tax and air travellers security charge changes.

The series will be published in separate French and English versions, in loose-leaf format with information divided into chapters and sections. This format will allow us to amend areas that are affected by legislative and policy changes quickly and economically. The material will be published in both printed and electronic formats.

A Foreword explaining how to use and maintain the series and the Table of Contents for the series are available

Any questions on the new Excise Taxes and Special Levies Memoranda series should be directed to Phil McLester at (613) 954-0111 or Pam Pratt at (613) 941-0915.
