

**VETERINARY HEALTH CERTIFICATE
EXPORT BOVINE SEMEN TO PAKISTAN**

Consignor: _____

Consignee: _____

Address: _____

Address: _____

Statement of type and quantity of antibiotics and other anti-microbial agents added to semen: _____

I, the undersigned, duly authorized Veterinarian of the Canadian Food Inspection Agency (CFIA) do hereby certify that:

1. The semen was collected from a donor bull maintained at an artificial insemination (A.I.) centre approved or licensed by the Government of Canada.
2. The semen was collected and processed under strict hygienic conditions, under the supervision of an authorized veterinarian.
3. No unsterilized substance, other than egg yolk, was added to the semen diluent.
4. Based on Canadian standards, the semen is free from pathogenic organisms.
5. The donor bull and all other sires kept at the A.I. centre have been:
 - a) tested with negative results for tuberculosis, brucellosis, leptospirosis, paratuberculosis, bluetongue, bovine leucosis, campylobacteriosis and trichomoniasis;
 - b) free from clinical evidence of Q fever, fibropapillomas, bovine virus diarrhoea, parainfluenza 3 and infectious pustular vulvovaginitis.
6. Canada is free from foot and mouth disease, contagious bovine pleuropneumonia and epidemic bovine abortion (*Chlamydia* sp.).
