Address: _____

- iv) **Name of Consignee:** _____
Address: _____

SECTION II

- i) **Name of A.I. Centre (where semen collected):** _____

- Address** _____

SECTION III - Health Certification

I, the undersigned Official Veterinarian duly authorized by the Government of Canada, hereby certify that:

1. The semen was collected from a ram maintained in an artificial insemination centre which is under official veterinary control.
2. At the time of the collection of the semen, the donor ram was found to be healthy and free of evidence of Scrapie, and of any other communicable disease.
3. As far as it has been possible to determine, the donor ram has not been exposed to any communicable diseases during the sixty (60) days immediately preceding the collection of the semen.
4. As far as can be determined:
 - a) Scrapie has not existed on any premises on which the donor ram was located during the sixty (60) months immediately preceding the collection of the semen;
 - b) The donor ram is not the progeny of a sire or dam that has been affected with Scrapie;
 - c) The donor ram is not a sheep that would have been slaughtered under the current Canadian Scrapie eradication program had that program been in effect since April, 1957.
5. The semen production centre is officially free of tuberculosis and brucellosis with dates of the last herd test conducted prior to the collection of the semen shown as follows:
 - a) Tuberculosis _____
 - b) Brucellosis _____ with tests performed at _____ (name of federal laboratory).
