- Address** _____

SECTION III

I, the undersigned Official Veterinarian, duly authorized by the Government of Canada, do hereby certify that:

1. The semen was collected from a bull maintained in an artificial insemination centre which is under official veterinary control.
2. At the time of the collection of the semen, the donor bull was healthy and free of evidence of disease.
3. The donor bull is free from Bovine Spongiform Encephalopathy (BSE) and is not the progeny of a cow affected with BSE.
4. All the animals maintained at the artificial insemination centre, including the donor bull, are recognized to be free of tuberculosis, brucellosis, leptospirosis, paratuberculosis, bluetongue, epizootic haemorrhagic disease, enzootic bovine leucosis, bovine virus diarrhoea, campylobacteriosis and trichomoniasis.
5. The donor bull has been subjected to the following tests with negative results:
 - a) tuberculosis - intradermal
 - b) brucellosis - serum agglutination
 - c) leptospirosis - microagglutination lysis
 - d) paratuberculosis - complement fixation
 - e) leucosis - agar gel immunodiffusion or ELISA
 - f) bluetongue - complement fixation or agar gel immunodiffusion or ELISA
 - g) epizootic haemorrhagic disease - agar gel immunodiffusion
 - h) campylobacteriosis - culture
 - i) trichomoniasis - direct microscopic examination or culture
 - j) bovine virus diarrhoea - immunoperoxidase

SECTION IV - Straw Identification
