SECTION IV

I, the undersigned Official Veterinarian, duly authorized by the Government of Canada, do hereby certify that:

1. Canada is officially recognized to be free from foot and mouth disease, vesicular exanthema, swine vesicular disease, classical swine fever, African swine fever, Teschen disease (porcine infectious encephalomyelitis), rinderpest, and Aujeszky's disease and vaccination against these diseases is prohibited.
2. The semen was collected from boars maintained in an artificial insemination centre which is under official veterinary control.
3. Only boars that have achieved negative results on all diagnostic tests conducted in accordance with the official standards for semen donor boars in Canada during pre-entry isolation were permitted entry to the centre.
4. At the time of collection of the semen, the donor boar was healthy and free of evidence of disease.
5. The donor boar and all other animals resident in the approved semen production centre have has been subjected to test within six (6) months prior to the date of shipment and found to be free from:
 - a) tuberculosis
 - b) brucellosis
 - c) leptospirosis
 - d) transmissible gastroenteritis
 - e) Aujeszky's disease
6. After the collection, the semen exported to Vietnam was stored in containers which contain only semen of identical sanitary status.
