Financial Statements

Translation Bureau Revolving Fund

March 31, 2004

AUDITORS' REPORT

To the Director General, Audit and Ethics Branch Public Works and Government Services Canada

We have audited the statement of financial position of the **Translation Bureau Revolving Fund** as at March 31, 2004 and the statements of operations, accumulated surplus and cash flows for the year then ended. These financial statements have been prepared to comply with section 4 of the Treasury Board of Canada's Policy on Special Revenue Spending Authorities. These financial statements are the responsibility of the management of the **Translation Bureau Revolving Fund**. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the **Translation Bureau Revolving Fund** at March 31, 2004 and the results of its operations and its cash flows for the year then ended in accordance with the accounting policies as described in note 2 to the financial statements.

These financial statements, which have not been, and were not intended to be, prepared in accordance with Canadian generally accepted accounting principles, are solely for the information and use of the management of the Revolving Fund and the Treasury Board of Canada Secretariat for reporting on the use of the Fund authority. The financial statements are not intended to be and should not be used by anyone other than the specified users or for any other purpose.

Ottawa, Canada, June 7, 2004. Ernst * Young LLP
Chartered Accountants

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2004

1. AUTHORITY AND PURPOSE

The Translation Bureau was established in 1934, when the *Translation Bureau Act* came into effect. In April 1993, Treasury Board approved the establishment of the Bureau as a Special Operating Agency effective April 1, 1995. This decision was confirmed in the 1994-95 Supplementary Estimates *D*.

The Revolving Fund was created on April 1, 1995 and accounts for the following services: translation, interpretation and terminology to clients. Pursuant to Section 29.1(2) of the *Financial Administration Act*, the Fund has a continuing non-lapsing authority to make expenditures out of the Consolidated Revenue Fund and to spend for the purposes of the Fund any revenues received for those purposes. The aggregate of expenditures made for the purposes of the Fund shall not at any time exceed by more than \$75 million the revenues received in respect of the purposes of the Fund.

Treasury Board (TB) decision #822560 dated February 22, 1995, TB decision #824299 dated July 10, 1996 and TB decision #825830 dated December 11, 1997 gave the Translation Bureau the authority to delete operating losses for the first six years of operating under the Revolving Fund. No amount was written-off in 2000-2001 nor in 1999-2000, since the Revolving Fund was showing a surplus.

In accordance with Section 29.1 of the *Financial Administration Act*, and through the 2001-2002 Supplementary Estimates B, (Treasury Board decision #829357 dated November 8, 2001), the drawdown authority was reduced from \$75,000,000 to \$10,000,000.

2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared in accordance with the reporting requirements for revolving funds described by the Receiver General for Canada. The basis of accounting used in these financial statements differs from Canadian generally accepted accounting principles because:

- The services received without charge from other government departments are not reported as expenses;
- The expenses and liability for employee termination benefits excludes the portion not funded by the Fund; the liabilities for employee termination benefits are based on management's estimates rather then actuarial valuation; also vacation pay and time-off in lieu are based on management's estimates; and
- The contributions to the Pension plan are based on Treasury Board's rates representing an estimate of what the cost is likely to be for the Government in the upcoming year; also actuarial surpluses or deficiencies are not accounted for in the Fund.

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2004

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

The significant accounting policies are as follows:

a) Revenues and expenses

Revenues and costs on contracts are accounted for by the percentage of completion method based on expenses incurred. Revenue is recorded at the estimated realizable value of work completed to date. Revenues are recognized in the current year of billings. Expenses are recorded on the accrual basis of accounting.

b) Capital assets

Assets having a purchase cost of \$10,000 or more are capitalized. Capital assets consisting of machinery and equipment, informatics hardware and informatics software are stated at cost and are amortized on a straight line basis over the estimated economic life commencing the month after acquisition.

Category

Machinery and Equipment Informatics hardware Informatics software Estimated useful economic lives

10 to 15 years 3 to 5 years 3 to 5 years

c) Pension plan

Employees are covered by the *Public Service Superannuation Act* and the *Supplementary Retirement Benefits Act*. The Government of Canada's portion of the pension cost is included in the employee fringe benefit charge assessed against the Fund. The actual payment of the pension is made from the Public Service Superannuation and Supplementary Retirement Benefits Accounts.

d) Employee termination benefits, vacation pay and time-off in lieu

Termination benefits accrue to employees over their years of service with the Government of Canada as provided for under collective agreements, and the estimated costs of these benefits are recorded in the accounts as they are earned by the employees.

An accrual is made for severance entitlements on service prior to April 1, 1995. The asset account "Deferred Employee Termination Benefits" represents benefits earned prior to April 1, 1995. The account is drawn down as benefits are paid to the related employees and become recoverable from the Treasury Board. The Treasury Board will continue to reimburse for termination benefits paid by the Bureau, for service prior to April 1, 1995,

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2004

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

until March 31, 2010. After March 31, 2010, the Treasury Board has no further obligation to reimburse for benefits paid.

The liability for vacation pay and compensatory leave is calculated at the salary levels in effect at the end of the year for all unused vacation pay and time-off in lieu benefits accruing to employees.

e) Insurance

The fund does not carry insurance on its property. This is consistent with the Government's policy of self-insurance.

3. RECOVERY OF COLLECTIVE BARGAINING AGREEMENT

The fund received an authorization after March 31, 2004 from Treasury Board through the Access to Vote 5 of \$28,326,000 (\$25,920,00 relating to pay equity; \$2,406,000 relating to collective bargaining) upon signing the Translators' collective agreement dated February 23, 2004. An accounts receivable of \$28,326,000 and an accounts payable of \$22,328,800 relating to previous years' pay equity and collective bargaining, which were paid after March 31, 2004 was accounted for in the fiscal year 2003-2004 in the Statement of Financial Position and in the accounts shown below. The remaining amount of \$5,997,200 was paid in the current fiscal year.

			(9,221)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended March 31, 2004

9. FINANCIAL INSTRUMENTS

The Revolving Fund's financial instruments consist of accounts receivable, accounts payable and accrued liabilities. The carrying values of these financial instruments approximate fair value because of their short terms to maturity. Unless otherwise noted, it is management's opinion that the Revolving Fund is not exposed to significant interest, currency or credit risk arising from these financial instruments.

10. USE OF ESTIMATES

The preparation of financial statements in accordance with the reporting requirements for Revolving Funds described by the Receiver General for Canada requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from these estimates.
