CANADA – NEWFOUNDLAND AND LABRADOR

AGREEMENT ON THE TRANSFER OF FEDERAL GAS TAX REVENUES 2006-2015

This Agreement made as of August 1, 2006,

BETWEEN: HER MAJESTY IN RIGHT OF CANADA

("Canada"), represented by the Minister of Transport, Infrastructure and Communities ("Federal Minister")

AND: HER MAJESTY IN RIGHT OF THE

PROVINCE OF NEWFOUNDLAND AND

LABRADOR ("Newfoundland and Labrador"), represented by the Minister of Municipal Affairs ("Newfoundland and Labrador Minister") and the Minister of Intergovernmental

Affairs.

PREAMBLE

WHEREAS Canada and Newfoundland and Labrador wish to cooperate in making a transformative difference in the sustainability and future prosperity of cities and communities in Newfoundland and Labrador and for Canada's future.

WHEREAS this Agreement will engage governments and stakeholders in purposeful partnerships, foster sustainable cities and communities across Canada and enable all Canadians to achieve a higher quality of life and standard of living.

WHEREAS Canada and Newfoundland and Labrador have agreed to cooperate based on a long-term vision of sustainability and which integrates four interdependent dimensions: economic, environmental, social and cultural.

WHEREAS the Government of Canada's Budget 2005 outlined an intent to provide provinces and territories an amount equivalent to a portion of the federal excise tax on gasoline.

WHEREAS this Agreement includes the specific provisions on the Gas Tax for Environmentally Sustainable Municipal Infrastructure to primarily support environmental sustainability objectives.

WHEREAS Newfoundland and Labrador is committed to provide regional solutions to addressing waste management issues through the implementation of the Provincial Waste Management strategy.

WHEREAS this Agreement reflects the scope of expected areas of cooperation, and for which Canada and Newfoundland and Labrador may enter into separate agreements, including possible trilateral agreements, to support sustainability objectives.

AND WHEREAS the Lieutenant Governor in Council, by OIC 2006-313, has authorized the Minister of Municipal Affairs and Minister of Intergovernmental Affairs to enter into this Agreement on behalf of Newfoundland and Labrador.

PURPOSE

The purpose of this Agreement is to:

- a) provide a joint framework for the transfer of Funds to Newfoundland and Labrador for investment in environmentally sustainable municipal infrastructure.
- b) confirm that the Parties will continue to work together for the purpose of addressing, in partnership, other challenges facing Newfoundland and Labrador's communities.

PRINCIPLES

The Government of Canada and the Government of Newfoundland and Labrador acknowledge that this Agreement has been negotiated with the regard to the following principles:

Principle 1 – Respect for jurisdiction: The Government of Canada respects the jurisdiction of Newfoundland and Labrador over its municipal institutions. The Government of Newfoundland & Labrador recognizes Canada's contribution to cities and communities in Newfoundland and Labrador. The commitments of Canada and Newfoundland and Labrador demonstrate the merit of partnerships across all levels of government.

Principle 2 – A flexible approach: A flexible approach regarding the intra-jurisdictional allocation and the delivery mechanism to be used by Newfoundland and Labrador to flow money to municipalities and the nature of municipal involvement and the nature of the provincial contribution.

Principle 3 – Equity between provinces and territories: Ensuring that the inter-provincial allocation is as close as possible to a per capita basis while respecting the need to have an adjustment for the smallest jurisdictions.

Principle 4 – Promote long-term solutions: The principle that Canada is making a 5-year financial commitment with the gas tax but negotiating a 10-year gas-tax agreement subject to program evaluation, budget

appropriation and ongoing federal commitment, with a clause for a review after four years.

Principle 5 – Transparency: The commitment to put in place an open and transparent governance process for the purposes of implementing this agreement and selecting projects for funding. This process will also include, among other things, a commitment to the development of performance indicators, evaluations and regular reporting.

Principle 6 – Regular reporting to Canadians: Canada will use federal mechanisms to report on outcomes. Newfoundland and Labrador will employ its own mechanism for reporting within its jurisdiction.

NOW THEREFORE, in accordance with the principles set out above, Canada and Newfoundland and Labrador hereby agree as follows.
