

CANADA-ALBERTA

AGREEMENT ON THE TRANSFER OF FEDERAL GAS TAX REVENUES UNDER THE NEW DEAL FOR CITIES AND COMMUNITIES 2005 – 2015

This Agreement made as of May 14, 2005,

BETWEEN: **HER MAJESTY IN RIGHT OF CANADA**, (“Canada”) represented by the Minister of State (Infrastructure and Communities) (“Federal Minister”) and the Deputy Prime Minister and Minister of Public Safety and Emergency Preparedness.

AND: **HER MAJESTY IN RIGHT OF THE PROVINCE OF ALBERTA** (“Province”) represented by the Minister of Infrastructure and Transportation (“Provincial Minister”), the Minister of International and Intergovernmental Relations and the Minister of Municipal Affairs.

PREAMBLE

WHEREAS the New Deal for Cities and Communities will engage governments and stakeholders in purposeful partnerships, foster sustainable cities and communities across Canada and enable all Canadians to achieve a higher quality of life and standard of living.

WHEREAS Canada and Alberta have agreed to cooperate under the New Deal for Cities and Communities to enhance the sustainability of Alberta's municipalities.

WHEREAS Canada and Alberta recognize the need for Alberta's municipalities to develop sustainable infrastructure, and enhance existing infrastructure to aid in their economic, social, environmental and cultural development.

WHEREAS Canada and Alberta wish, in partnership, to address the need for stable, predictable, long-term funding for Environmentally Sustainable Municipal Infrastructure.

WHEREAS the purpose of federal gas tax funding is to help improve the quality, efficiency, effectiveness and sustainability of environmental municipal infrastructure and to assist in achieving the desired outcomes of cleaner air, cleaner water and the reduction of green house gas emissions.

WHEREAS this Agreement includes the provision of Government of Canada gas tax funding to Alberta's communities through the province of Alberta.

WHEREAS Alberta wishes to facilitate the transfer of gas tax revenues from Canada to Alberta's municipalities.

AND WHEREAS Alberta provides financial assistance to municipalities, through both annual allocation based grants and one-time special grants, for capital and rehabilitation of municipal infrastructure.

PRINCIPLES

Canada and Alberta agree to the following principles as governing their actions with respect to this Agreement:

Respect for Jurisdiction: Canada recognizes Alberta's jurisdictional responsibility for municipalities. Furthermore, the Parties recognize the opportunities created through stable and predictable federal and provincial funding for municipal infrastructure as well as the merits of partnerships across all orders of government to support municipal infrastructure.

A Flexible Approach: Given that needs, challenges and priorities often vary according to the size of a municipality, Canada and Alberta understand the need to adopt a flexible approach regarding both the allocation of gas tax revenues to municipalities and the scope of investments.

Funding Equity: The Government of Canada is committed to treating provinces and territories equitably and the Government of Alberta commits to ensuring equity among communities, recognizing the different capacities of local governments.

Long-Term Solutions: Canada is committed to assist Alberta in implementing its long-term vision for Alberta cities and communities. Further, the two governments recognize the importance of this Agreement to achieving this vision and that a portion of federal gas tax revenues provides long term, stable and predictable funding for Environmentally Sustainable Municipal Infrastructure that supports community and regionally driven projects.

Transparency: Canada and Alberta will put in place an open and transparent process for the purposes of implementing this Agreement. Further, Canada and Alberta will work together to develop indicators to enable effective reporting to Albertans and all Canadians on the outcomes of gas tax investment in Alberta.

Regular Reporting to Albertans and All Canadians: Canada and Alberta will use the appropriate mechanisms to report regularly to the public on the expenditures and outcomes of gas tax investment.

NOW THEREFORE, in accordance with the principles set out above, Canada and Alberta hereby agree as follows.
