Newsletter for the Net Income Stabilization Account (NISA) Program

February 2001

IMPORTANT NEWS FOR ALL NISA PARTICIPANTS

The NISA Review Consultation

A review of the Net Income Stabilization Account (NISA) program is underway. Federal and provincial agriculture Ministers agreed to review NISA at last July's annual meeting. The purpose of this review is to ensure that the NISA program continues to be an effective income stabilization tool. How NISA works in relation to other safety net programs will also be examined.

Federal and provincial Ministers want YOUR VIEWS on the NISA program.

A NISA Review discussion document has been prepared and you are invited to submit your comments. Your input will be compiled and analyzed by an independent source into a final report. This report will be submitted to federal and provincial agriculture Ministers for their review at their next meeting in June 2001.

**Call toll free at 1-888-811-2432 for your
copy of the NISA Review
discussion document.**

how YOU can participate
