## The Corporations Canada Web site:

your single-window access  
to all the information  
and tools you need to  
incorporate or to continue  
to do business as a  
federal corporation  
in Canada.

Whether you are thinking of incorporating or are already a member of the corporate world, the Corporations Canada Web site provides you with all the information you need about federal incorporation.

### The Corporations Canada Web site offers:

- online incorporation and online filing services;
- the *Small Business Guide to Federal Incorporation*;
- information on choosing a name for your corporation, including an online training course on name-granting guidelines;
- access to Newly Upgraded Automated Name Search (NUANS) reports to help in selecting an appropriate name for a new corporation;
- online search capability to find information related to federal corporations;
- information on legislation pertaining to federal corporations, not-for-profit organizations and cooperatives;
- general information on federal incorporation, such as the benefits and the costs of federal incorporation; and
- extra-provincial registration in some provinces.

The Web site also provides access to most of the forms needed by business corporations to remain compliant under the *Canada Business Corporations Act*. As an added bonus, you can do most of your filing online, including filing of annual returns, and thereby take advantage of reduced fees!
