1. The purpose of this customs notice is to remind the exporting community that the Form B13A, *Export Declaration*, was revised in November 2004 and some minor changes will be made to the completion instructions in early 2006.
2. The 2004 and 2006 forms are the only acceptable versions that may be submitted to the Canada Border Services Agency (CBSA).
3. All other versions of the Form B13A should be destroyed.
4. The use of Form B13A versions dated prior to 2004 may result in incomplete information being submitted to the CBSA. An Administrative Monetary Penalty may be issued for submitting incomplete information.
5. Privately printed versions of the Form B13A no longer require CBSA approval. The private form must contain all the required information and must be in the same format as the version of the Form B13A that is published by the CBSA, specifically field 9(a), due to stamp machine specifications. **This is the only acceptable format.** In addition, any private forms that use the CBSA banner **must** be available in bilingual format.
