

Ottawa, November 23, 2005

CUSTOMS NOTICE 629

Bar Code Number Assigned by Canada Border Services Agency (CBSA) Headquarters for Refund of Late Accounting Penalties

1. The purpose of this notice is to announce that effective November 14, 2005, all cancellation requests approved by CBSA Headquarters that result in a refund of late accounting penalties will be assigned a bar code number. This bar code number will appear on Form E571, *Late Accounting Penalties Application for Waiver, Cancellation or Extension*, in the "Mail cheque to" field. Form E571 is sent to the client to confirm the status of his or her request.

2. The bar code number will be used by the CBSA regional office to issue the cheque and it will also appear on the cheque stub. This should allow the importer or broker to cross-reference their refund to the original request for cancellation.

3. Any questions concerning this notice should be directed to:
