

Committees and organizations

This report was jointly produced by Statistics Canada and the Council of Ministers of Education, Canada (CMEC), in partnership with the departments and ministries of the provinces and territories with responsibility for education and training. Intergovernmental committees that have played a key role in the development of this publication are the Canadian Education Statistics Council (CESC), the Strategic Management Committee of the CESC, and the Working Group on Quality Improvement of the Core Education Statistics Program. A number of experts have also contributed to the development of this work through their participation in the Pan-Canadian Education Indicators Program Expert Group. The following is a list of committees and organizations that have played a key role in shaping, developing and producing this publication, as well as their membership. Staff of CMEC and Statistics Canada that have played a direct role in the production of the report are also listed.

The funding contributed to this project by Human Resources Development Canada is gratefully acknowledged.
