

Index: Published Canadian Adverse Reaction Newsletters

April 2002; 12 (2)

Marketed Health Products Directorate
Selective COX-2 inhibitors
Summary of advisories
Oral sodium phosphates solutions
Case presentation
Adverse reaction reporting - 2001

January 2002; 12 (1)

Statins: rhabdomyolysis and myopathy
Alendronate: suspected pancreatitis
HIV-associated lipodystrophy syndrome: overview and summary of case reports
Summary of drug advisories
Communiqué - Ibuprofen pediatric oral liquid: gastrointestinal bleeding

October 2001; 11(4)

Antitubercular drugs: hepatobiliary reactions
Electronic subscription to this Newsletter and drug advisories
Health professional advisories
Atypical antipsychotics: impaired glucose metabolism
Communiqué - Brimonidine (Alphagan) ophthalmic drops: accidental ingestion

July 2001; 11(3)

Drug advisories now available on the Web
Miconazole-warfarin interaction: increased INR
New toll-free numbers to report ADRs
Rosiglitazone (Avandia): hepatic, cardiac and hematological reactions
Adverse drug reaction reporting - 2000: Part 2
Communiqué - Orlistat (Xenical) interaction with coumarin derivatives: increased INR
- Azithromycin (Zithromax): myocardial infarction
Drugs of Current Interest

April 2001; 11(2)

Adverse drug reaction reporting - 2000: Part 1
Antiparkinsonian drugs and “sleep attacks”
Rofecoxib (Vioxx): a year in review
Communiqué - Warfarin and glucosamine: interaction
Drugs of Current Interest

January 2001; 11(1)

Thioridazine (Mellaril) and mesoridazine (Serentil): prolongation of the QTc interval
Clopidogrel (Plavix): hematological reactions
Gentamicin ear drops and ototoxicity: update
Drugs of Current Interest

October 2000; 10(4)

New influenza drugs: unexpected serious reactions
Intravenous Rh₀ [D] immune globulin [human]: suspected hemolytic/renal adverse reactions
Abboject® Unit-of-Use Syringe: reports of malfunction
Communiqué - Glucosamine sulfate: hyperglycemia
- Ketotifen (Zaditen®): sleep apnea
- Diclofenac (Voltaren Ophtha®) and ketorolac tromethamine (Acular®): corneal ulceration
Drugs of Current Interest

July 2000; 10 (3)

St. John’s wort: harmful drug interaction
Olanzapine (Zyprexa): suspected serious reactions
Sildenafil (Viagra): cardiac risks
New Bureau Name
Communiqué - Citalopram (Celexa) and clarithromycin (Biaxin): interaction
- Itraconazole (Sporanox): serum sickness-like disorder
Drugs of Current Interest

April 2000; 10 (2)

Adverse drug reaction reporting - 1999
Celecoxib (Celebrex): 1 year later
Correction - ticlopidine
Communiqué - orlistat (Xenical): pancreatitis
Drugs of Current Interest

January 2000; 10 (1)

Cisapride (Prepulsid): interactions
Pemoline (Cylert): market withdrawal
Bupropion (Zyban): update
Communiqué - HIV protease inhibitors: paronychia
- Gingko biloba: bleeding disorders
Drugs of Current Interest

October 1999;9(4)

Serious hematologic reactions associated with ticlopidine - update
Leukotriene receptor antagonists: suspected adverse reactions
Communiqué - Ropinirole (Requip): sleep disorder

July 1999; 9(3)

Alteplase (Activase rt-PA) for acute ischemic stroke
Abciximab (ReoPro): risk of acute thrombocytopenia
Nefazodone (Serzone) and hepatotoxicity
Communiqué - Amlodipine (Norvasc): hearing loss

April 1999; 9(2)

Bupropion (Zyban): suspected adverse reactions
1998 ADR Statistics
Updates: immune globulin IV products, tolcapone (Tasmar)
Communiqué - Olanzapine (Zyprexa): priapism

January 1999; 9(1)

Isotretinoin and depression
Low-dose ASA and GI Bleeding
Guidelines for reporting ADRs
Communiqué - azithromycin, pentoxifylline, sertraline and carbamazepine: interaction

October 1998; 8(4)

Recent News About Drug Risks
New Ontario Regional ADR Centre
Discontinuation Reactions Associated With SSRIs
Communiqué - amantadine and warfarin, pantoprazole

July 1998; 8(3)

Quality Information in Spontaneous Reports
Donepezil: Suspected Adverse Reactions
Olanzapine: Hematological Reactions
Communiqué - valproic acid, cefaclor, latanoprost, protease inhibitors

April 1998; 8(2)

Alendronate-induced esophagitis

1997 ADR statistics

Communiqué - dorzolamide hydrochloride, hydroxychloroquine sulfate, torvastatin calcium, risperidone, venlafaxine hydrochloride

January 1998; 8(1)

Drugs: QT interval prolongation and torsades de pointes

Ciprofloxacin use in epileptic patients taking phenytoin

Appetite suppressants - update

Communiqué - vigabatrin, mefloquine, lamotrigine

October 1997; 7(4)

Calcium-channel blockers

Azithromycin - severe iatrogenic hepatitis

Newsletter survey results

Communiqué - protease inhibitors, vigabatrin, terconazole, Fen-phen, heparin, paroxetine

July 1997; 7(3)

ACE inhibitors and bronchospasm

Interferon beta-1b

Radiopharmaceuticals

New Expert Advisory Committee on Pharmacovigilance

April 1997; 7(2)

Adverse drug reaction reporting - 1996

Potential abuse of butorphanol nasal spray

Aminoglycoside ear drops and ototoxicity

January 1997; 7(1)

Primary pulmonary hypertension and appetite suppressants

HIV protease inhibitors and increased bleeding in hemophilia?

Erythema multiforme and nifedipine

Congenital anomalies and fluconazole

October 1996; 6(4)

Cefaclor-associated serum sickness-like reaction

Newsletter Assessment - Questionnaire

July 1996; 6(3)

Cisapride: Arrhythmia Awareness

Midazolam: A Wake-Up Call

Clarithromycin: Tooth Discolouration and Smell Alteration

April 1996; 6(2)

Metformin: Lactic Acidosis

Nefazodone: ADR Profile

1995 Statistics

ADR or Product Fault?

January 1996; 6(1)

Cotrimoxazole

Nicotine Patches and exercise

Terbinafine - hepatobiliary reactions

SSRIs - hyponatremia

October 1995; 5(4)

Update: Fertility Drugs

Propofol: Convulsions

Contraindications: Dinoprostone Vaginal Gel

DOCI List

July 1995; 5(3)

Reporting Adverse Drug Reactions

Lamotrigine (Lamictal): rashes

Drug Names: confusion from two fronts

Tiaprofenic Acid: cystitis

Ticlopidine: revisited

DOCI List

April 1995; 5(2)

Zidovudine: Benefits of use during pregnancy

Serevent®: Patient warnings must be stressed

Fluoroquinolones: Tendonitis

Topical Antifungals: Recent switch to over-the-counter

Phenazopyridine: Hemolytic anemia

January 1995; 5(1)

Risperidone and EPS

Sumatriptan and migraine exacerbation

Bromocriptine

Fertility drug awareness

New regional centre for Quebec

October 1994; 4(3)

Regional Centres

New Drugs - Serzone, Neurontin, Sabril

Drugs of current interest

July 1994; 4(2)

Editorial Note
Terbinafine
Herbal preparations

March 1994; 4(1)

Rhabdomyolysis and HMG-CoA Reductase Inhibitors
Antidepressants and Suicide
Help Wanted: Risperdal

November 1993; 3(2)

Ticlopidine HCl - Hematological and Liver Effects
H1-Antihistamines - Cardiotoxic Effects

August 1993; 3(1)

ACE Inhibitors: Renal Effects
Sumatriptan Succinate: Chest Pain
Nicotine Patches: Update / Inadvertent Exposure

April 1992; 2(1)

ADR Program, 1991 Annual Report
Case Report: Drug Interactions with Omeprazole
Vasospasm with B-Blockers
GI Bleeding with Toradol®

August 1991; 1(2)

PPSP Workshop
Minocycline - Case reports of severe liver and renal reactions
ADRs in the Elderly
Ciprofloxacin - ADR profile
Diclofenac - Hepatic reactions

January 1991; 1(1)

Saskatchewan ADR Pilot Project
The WHO Connection
Working Group on ADR Assessment
