Need summer help?

Finding help can add to an already heavy workload. Let us lighten that load! Through various programs and services, our summer employment officers will help you get great visibility for your job postings. Whether you are looking for casual or skilled labour—a groundskeeper or a Web page designer—your job postings will be accessible to thousands of young Canadians who use our programs and services every year. In fact, during summer 2005, over 183,000 youth across Canada found jobs and another 306,000 youth received job search assistance through our 320 Service Canada Centres for Youth. The next job opening filled could be yours!

We provide:

- Job posting services—for as long as positions remain available
- Information on wage rates, employment standards and labour laws
- Information on health and safety in the workplace
- Potential employees for more permanent positions
- Information on other Government of Canada and provincial/territorial employment initiatives
