

NOV 14 2005

Richard Paton  
President and CEO  
Canadian Chemical Producers' Association  
Suite 805, 350 Sparks St.  
Ottawa, ON K1R 7S8

Dear Mr Paton:

This is in response to your Notice of Objection, dated October 28, 2005, respecting the proposed Order to add the Kyoto Greenhouse Gases to Schedule 1 of the *Canadian Environmental Protection Act, 1999* in which you requested that I establish a Board of Review.

I have carefully considered the issues identified in your letter in determining whether to establish Board of Review. In my view, your letter has not provided any new information with respect to the nature and extent of the danger posed by the Kyoto Greenhouse gases which would thus warrant the establishment of a Board of Review in this case. Therefore, I will not establish a Board of Review.

Your letter raised a number of points concerning CEPA terminology and process which are beyond the criteria for considering a Board of Review but that are being considered as we move forward on this very important matter.

I appreciate your comments and look forward to the continued cooperation of the Canadian Chemical Producers' Association.

Yours sincerely,

Stéphane Dion
