Dear Kirsten Walli:

**Re: Proposed Amendments to the Standard Supply Service Code
Board File No.: RP-2004-0205
Regulated Price Plan – Time of Use (“TOU”) Pilot Projects**

Please find eight (8) paper copies of our submission with respect to the above captioned matter. Electronic copies have been sent in both formats of MS Word and Adobe PDF.

Ontario Energy Savings L.P. (“OESLP”) is writing in response to the Ontario Energy Board’s (the “Board”) invitation to comment on the proposed amendment to the Standard Supply Service Code (“SSS”).

OESLP has no objection to the proposed amendments to the SSS Code relating to the implementation of a Board approved TOU pilot project, provided that, consumers that have signed an electricity contract with a retailer will not be eligible to participate.

Please contact the undersigned if additional information is required.

Yours truly,
