

O.L.R.B. Accredited Employers' Organizations (as of May 19/06)

Below is an alphabetical listing of all accreditations granted by the Ontario Labour Relations Board to employers' organizations in the construction industry as authorized by section 134 of the *Labour Relations Act, 1995* or predecessor legislation. The system of accreditation was established by *The Labour Relations Amendment Act, 1970 (No. 2)*, S.O. 1970, c.85, in force February 15, 1971.

Notes:

1. Geographic areas are approximate, (except for province-wide accreditations). Consult the decision/certificate for exact descriptions. The list of OLRB Construction Industry Areas can be found at the end of this document.

2. Decisions. The cite in the OLRB Reports is given, or, if the decision was not published, then the Quicklaw cite is given. Note that reported versions are often abridged and, if so, are marked as such. Unabridged versions of these decisions and decisions marked "unreported" will be available only from:

The Ontario Workplace Tribunals Library
505 University Avenue, 7th Floor, Toronto, Ontario M5G 2P2
Phone (416) 314-3700. Fax (416) 326-3558. E-mail: owtl@wst.gov.on.ca.

Only final decisions (and amending decisions, if any) are listed here. Interim decisions and inconsequential reconsiderations are not mentioned.

3. Certificates are on file in the Ontario Workplace Tribunals Library, address above.

4. Dates. The date shown is the date of the OLRB decision in which the association was accredited. This sometimes differs slightly from the date on the certificate. If there is a discrepancy, then the date of the decision prevails.

5. Sectors. Section 126 (1) of the *Labour Relations Act, 1995* defines "sector" as follows:

"sector" means a division of the construction industry as determined by work characteristics and includes the industrial, commercial and institutional sector, the residential sector, the sewers and watermains sector, the roads sector, the heavy engineering sector, the pipeline sector and the electrical power systems sector.

In this list "ICI" denotes the industrial, commercial and institutional sector.

The sewers and watermains sector was originally referred to as the "sewers, tunnels and watermains sector". The word "tunnels" was removed by *The Labour Relations Amendment Act, 1975*, S.O. 1975, c.76 which came into force on July 18, 1975. This amendment appears to have been precipitated by a debate over whether subway tunnels should fall into the heavy engineering sector or the sewers, tunnels and watermains sector (see *The Heavy Construction Association of Toronto*, [1973] OLRB Rep. May 245).
