Spending by Overnight Canadian Visitors in Ontario, by origin, 1980-2004

Notes:

1. Visitor Spending

Refers to spending by all incoming visitors in Ontario, excluding those that have been allocated to the point of origin of those visitors from other Canadian provinces and of Ontario residents who have a destination outside the province. The "point of origin expenditures" are the amounts of money spent by these travellers on transportation before going on a trip outside their provinces of residence, which are assumed to have taken place at the location of origin of the trip and not at the locations visited, e.g. in the case of a same-day trip, the expenditures on vehicle rental, vehicle operation and intercity transportation, while in the case of an overnight trip, they are the expenditures on vehicle rental and intercity transportation.

For domestic visitors, their spending includes the following categories: vehicle rental, vehicle operation, local transportation, inter-city transportation, accommodation, food or beverage purchased at stores during the trips, food and beverage purchased at restaurants or bars, recreation and entertainment, clothing and other expenditures. The following items are excluded: food purchased before the trip for use while on the trip; items purchased to be resold or used in business (include items used on farm); vehicles such as cars, caravans, boats; capital investment such as real estate, work of arts, rare articles and stocks; cash given to friends or relatives during a trip which does not represent payment of goods or service consumed during trip, as well as donations made to institutions.

2. Discrepancies are due to roundings.
