Dear Mr. Zych

**Re: Scope of Cost Allocation Review (EB-2005-0317)**

I am writing in regards to the Ontario Energy Board's (OEB) request for Local Distribution Companies (LDC's) to provide comments on the scope of the upcoming cost allocation review process. PowerStream Inc. is in agreement with the scope as specified by the OEB in your June 12, 2005 letter and as outlined at the July 20, 2005 public meeting. PowerStream fully supports the cost allocation review process and is pleased that PowerStream's representative, Bruce Bacon, has been chosen as a member of the Technical Advisory Team.

In regards to the process, PowerStream would encourage the OEB to consider having a facilitator participate in the Technical Advisory Team meetings to ensure that the LDC resources provided to the OEB for this initiative are used efficiently and effectively.

If you have any questions, please do not hesitate to contact either Bruce Bacon (416-825-4144) or myself.

Yours truly,

Paula Conboy  
Director of Regulatory and Government Affairs  
PowerStream Inc.
