Dear Ms. Walli:

Re: EB-2006-0064
Setting Payment for Output From OPG's Prescribed Generation Assets

On behalf of EMIG, we are writing in support of the submissions which the OPA will make today. The OPA paper provides a very good description of the issues and strikes the right balance between the interested parties.

We believe that one of the next steps is for the OPA and the IESO to lead a workshop for the participants and Board Staff, so the next steps of this proposal can be better appreciated.

Yours truly,

Robert G. Power
