IMPROVING ACCESS TO FIVE KEY HEALTHCARE SURGERIES AND PROCEDURES

The McGuinty government is improving access to five key health care services as part of its Wait Time Strategy. The \$222.5 million announced today will result in 154,000 more procedures:

- 9,000 more hip and knee joint replacements, an increase of 37 per cent compared to when the Wait Time Strategy started in November 2004.
- 25,850 more cataract surgeries in hospitals across Ontario and 6,700 additional procedures at Kensington Eye Institute, for an increase of 32 percent since the start of the Wait Time Strategy.
- 105,200 more MRI exams in hospitals across Ontario in addition to 5,000 exams from new MRI services and 11,880 additional exams performed at independent health facilities, for an increase of 44 per cent since the Wait Time Strategy began.
- 4,700 more cancer surgeries, an increase of 11 per cent since the start of the strategy.
- 9,000 more cardiac procedures, an increase of 11 per cent.

Listed below is a breakdown of the funding for the entire year's allocation for extra cancer surgeries and cardiac procedures, hip and knee, cataracts and MRIs.
