- (2) For the purpose of determining whether the entrant is actively engaged in the production of broiler hatching eggs, the Commission shall have regard to the substance and effect of any arrangement made between the entrant and any other Person, irrespective of the form of that arrangement.
- (3) Where it appears to the Commission that the entrant is primarily engaged in the business of administering production permit allotted under the New Producer Program, and that some other Person is primarily engaged in the business of broiler hatching egg production associated with that production permit, the entrant shall be deemed not to be actively engaged in broiler hatching egg production.

- (2) Notwithstanding subsection (1), the Commission may, in its sole discretion, provide to an entrant a written exemption from any term or condition of the New Producer Program that has come into effect after the entrant's entry into the New Producer Program, in which event the entrant shall continue to be governed by the terms and conditions of the New Producer Program as they existed at the time of the entrant's entry into the New Producer Program except insofar as those terms and conditions may conflict with any subsequent term or condition for which a written exemption had not been granted.
