

Application Form Guide for a Water Licence

Updated September 2005

This Guide is designed to assist you in completing the application form. The order of the information contained in the Guide corresponds with the order of requested information in the Application Form.

Occupation and use of Crown land under the **Land Act** require submission of an application and issuance of a tenure.

The diversion and use of all surface water in British Columbia must be authorized under the **Water Act**. In order to acquire a water licence, the applicant must have ownership or have substantial interest (registered owner, leaseholder) in the land where the water is to be used.

For waterpower applicants the location of the proposed powerhouse is considered to be land where the water will be used. Waterpower projects on Crown land will require an application for land tenure under the **Land Act** and a water licence under the **Water Act**. If the powerhouse will be on private property, which is not owned by the applicant, an option to purchase or a tenure (registered with Land Titles) must be obtained. Refer to the Waterpower Guide book for assistance.

You may wish to check the status of the stream prior to filling out the application. Please refer to the attached list of government offices.

Compliance with all stated application requirements does not guarantee that a water licence will be issued.

IF YOUR APPLICATION IS INCOMPLETE IT WILL BE RETURNED.

Application fees **must be submitted** with the application. If paying by cheque or money order, make payable to **Minister of Finance**.

Do the Works affect another person's private land? Indicate if the Works to be constructed affect another person's private land.

Do the Works affect Crown land? Indicate if the Works to be constructed cross Crown land. A Permit Over Crown Land (PCL) may be issued by the Water Licensing Section if the works authorized by your Water Licence will affect Crown land. A PCL provides the right to construct, operate, maintain works or to flood Crown land without being in trespass under the *Land Act*. However, a PCL does not grant tenure on Crown land. Please include the PCL appropriate fee with the application you submit.

Legal description of land affected: Legal land description for each parcel that will be affected by works to be constructed or by flooding from water to be stored in a reservoir (e.g., Lot 1 of Section 31, Township 12 W6M Kamloops Division of Yale District Plan 18411). The dimensions of the Crown land affected must be indicated on the application form.

Landowner's Consent Form for land affected:

Crown Land: Alternately, Ministry of Environment (MOE) may issue a Permit over Crown Land (PCL) under the *Water Act*. Refer to **Schedule 1 – Water Purposes and Application Fees**. A PCL does not provide the same certainty and security as a *Land Act* tenure.

Name of Owner(s) including Crown land tenure holders: Landowner's name for each parcel that will be affected by works to be constructed or by flooding from water to be stored in a reservoir. The regional MOE office should be contacted to identify potential Crown land tenure holders that might be affected by your proposed works.
