

Suppliers of Bird Control Materials and Equipment for BC Growers

The following list of suppliers of bird control materials and devices is intended to include all regular suppliers for non-urban bird control in BC, plus suppliers outside BC for products which are hard to obtain locally such as traps, porcupine wire, and distress call tapes. Every effort has been made to ensure that this information was up-to-date at the time of publication. However, product availability and suppliers may change on short notice.
