#### SUSTAINABLE ENVIRONMENT FUND

This account was created by the Sustainable Environment Fund Act, 1990, and subsequent amendments. It provides for the protection of the air, land and water and for environmental renewal by preventing pollution, controlling pollutants and undertaking remediation activities through administration of the Environmental Management Act, Integrated Pest Management Act, and related regulations.

Revenue is derived from environmental levies, fees, licences, and contributions from the federal government and other organizations and individuals. Expenses represent a transfer to the Ministry Operations Vote of the Ministry of Water, Land and Air Protection for administration, the development of policies, legislation and regulations, standards and criteria for discharges and emissions; monitoring and understanding the receiving environment; education and encouragement of activities to prevent pollution; waste reduction; laboratory services; air and water quality; clean-up of contaminated sites; special waste management; soil and water remediation projects; and transfers to local governments, other organizations and individuals to assist in waste management, clean-up of contaminated sites and to support various environmental protection initiatives.

No financing transactions are provided for under this account.
