

# Gateway Program

*Improving Roads and Bridges for people, goods and transit throughout Greater Vancouver*

## Join Our Team To Improve Roads and Bridges

With a steady increase in Asia-Pacific trade and employment growth –BC is among the fastest-growing economies in Canada.

This growth combined with changing social trends has contributed to some significant transportation challenges in the Lower Mainland. Population trends, automobile growth, and increasing goods movement are resulting in congestion, reduced reliability and higher costs to move people and goods.

The BC Ministry of Transportation's Gateway Program is working to create a comprehensive and effective road and bridge network, improving the movement of people, goods and transit throughout the Lower Mainland. Our goal is to improve key transportation corridors—reducing congestion, supporting the movement of people and goods, increasing transportation choices, facilitating economic growth and providing better connections to ports, rail and other gateway and trade corridors. The Gateway Program will be vital to shaping the future of the region.

This is a very exciting time to be working in the transportation sector in BC.

As the Gateway Program moves forward, the Ministry of Transportation is looking for talented and qualified entry to mid-career level professionals to join our team in the following areas:

- engineering – design, structures, geotechnical, planning and traffic
- project management
- properties
- environment
- business management
- community relations
- administration/document control

**Location:** Burnaby. Flexible work options may be considered.

Please submit your resume and related information including areas of interest to the BC Public Service Agency, 204 - 4940 Canada Way, Burnaby, BC V5G 4K6 or via e-mail to [BCPSA.competitionsBurnaby@gov.bc.ca](mailto:BCPSA.competitionsBurnaby@gov.bc.ca) by **January 8, 2007**. A representative from the Ministry of Transportation will be in contact with you to discuss your submission.

Further details on the Government of British Columbia can be found at [www.gov.bc.ca](http://www.gov.bc.ca)
