

Integrated Land Management Bureau

Integrated Land and Resource Registry (ILRR)

Survey Parcel Fabric Reference Guide

The ILRR is:

A spatially enabled integrated register of over 250 different types of Crown land interests and tenures, regulated uses, land and resource restrictions and reservations (e.g. parks, mineral reserves). In addition to the rights and interests, reference layers available in the ILRR include:

- Crown land parcels and private land parcels. Survey parcel information can be accessed using the “Survey Parcel Search” query, the Custom Query or the map viewer.
- Administrative boundaries, such as forest districts and regional districts, are available in the map viewer.
- Base map information, including TRIM topography and grids (e.g. NTS, BCGS, PNG grid).

Why use the ILRR?

- Access comprehensive current land and resource information in minutes, instead of days or weeks.
- A real time acquirer takes Crown land, forest, oil/gas, and mineral interests and requests, and registers them in the ILRR (target within 30 minutes) allowing you to immediately view and status those interest. Interests that change less frequently (e.g. guide outfitters areas are bulk loaded on a scheduled bases).
- Determine the current status of the land (Crown and private).
- Identify if further historical research may be necessary, and then use ILRR information to locate history in systems such as the Land and Resource Data Warehouse, and BC OnLine (land titles, personal property registries, etc.).
- Identify potential land use conflicts.
- Supports:
 - land planning and treaty negotiations;
 - inter-agency referral processes;
 - applications for interests in land; and
 - emergency planning and response.
- Faster, more consistent decision making using common information.
- Reduced risk in decision making.
- Quickly generate queries, maps or reports.

Survey Parcel Fabric

- Crown land parcels from Tantalus/Gator.
- Private land parcels. The information is generally accessed from the Integrated Cadastral Fabric (ICF), a joint effort of the Integrated Cadastral Information Society and the Integrated Land Management Bureau.
- Contains legal description, Crown parcel identifiers (PIN), private parcel identifiers (PID), and in some cases BC Assessment’s JUROLS.
- Well site locations.
- Direct link to GATOR to view details.

Rights and Interests in the ILRR

- Coal licences, leases and reserves
- Contaminated sites
- Ecological reserves
- Forest recreational sites, forest roads, forest tenures
- Guide outfitter areas
- *Heritage Conservation Act* sites
- *Land Act* agreements, Crown grants, inclusions, inventories, leases, licences, permits, reserves, right-of-ways, transfer of Administrative control.
- *Mineral Tenure Act* mineral and placer claims, leases and reserves
- Park designations
- *Petroleum and Natural Gas Act* agreements, licences, leases and permits, reserves/notations
- Protected area designations
- *Range Act* interests
- Traplins
- *Water Act* interests
- First Nations statement of intent areas

HINTS

- If your query results fail to appear, your computer may be set to block pop-ups so enable them from the ILRR.
- To view large interests and large reserves in the ILRR set your map scale to 1:300,000 hectares.
- To more clearly see the cadastral fabric, turn off the rights and interest layers in the map viewer.
- Use **Custom Status** by **Location type**” to find a parcel using all or part of its legal description string.
- Well sites survey information is found in the **Crown Land parcels (Tantalus)** layer in the map viewer.
