

Irrigation FACTSHEET

B.C. IRRIGATION MANAGEMENT GUIDE

The primary purpose of the *B.C. Irrigation Management Guide* is to provide irrigation professionals and consultants with a methodology to assess the irrigation system performance and manage the system effectively.

This published book contains over 300 pages of valuable information. It can be obtained directly from the **Irrigation Association of British Columbia** at a cost of \$80.00 for BC Farmers and ranchers and IIABC members; \$100.00 for others (plus taxes, shipping and handling charges). This publication is also available to others outside of Canada.

Please contact **IIABC** directly for total cost. See next page for ordering instructions and the Table of Contents.
