FARROW - TO - FINISH SWINE BARN 75 TO 150 SOW UNIT

362-03

**FARROW-TO-FINISH SWINE BARN
75 TO 150 SOW UNIT**

This conceptual plan shows how a 75 sow farrow-wean operation can be expanded in stages to a 150 sow farrow-finish operation. The floor plan shows two parallel buildings; one for breeding and farrowing and

the second for growing and finishing. All-in/all-out production from the five farrowing-weaner rooms is featured.
