## BC Agricultural Composting Handbook

This handbook (binder) consists of seventeen Composting Factsheets, which introduce the reader to the composting process, how composting may fit into a farming operation, and some associated environmental concerns. All seventeen individual Factsheets are on our website in the [Publications and Conceptual Plans \(composting section\)](#). Included for producers looking for more detailed information are references and suggested reading (Factsheet No. 16). To obtain a copy of the binder version, please contact:
