Annual Aquaculture Statistical Report

Confidential within the provisions of the *Freedom of Information and Protection of Privacy Act*

SHELLFISH

Introduction

The Ministry of Environment is responsible for the collection and analysis of production statistics for the provincial aquaculture industry. This information is collected via the Annual Aquaculture Statistical Reports (AASR). All aquaculture licence holders are required to complete the AASR under Section 20(1) of the *Fisheries Act*. The completed forms are due **no later than February 24, 2006**.

Instructions for Completing the AASR

- Complete all sections (1 through 5) on this form.
- DO NOT report harvest of wild shellfish harvested under the authority of a DFO or Provincial fishing licence on this form. For example, wild clams harvested by commercial harvesters should be reported on DFO slips and all wild oysters harvested under Picking Permits should be reported on Royalty Return forms.
- The completed form may be faxed toll free to 888-356-0358 or mailed using the postage-paid envelope provided. An electronic version of the form may be downloaded from http://www.agf.gov.bc.ca/fish_stats/statistics-forms.htm and completed and submitted via email to fishstats@gov.bc.ca.
- For enquiries toll free calls can be made through "Enquiry BC" - from the Vancouver area 604 660-2421; or outside the Vancouver/Victoria area 1-800-663-7867.

Reporting Year: **2005** MAL Ref#: _____

Name: _____

Land File #: _____

Legal Description / Location: _____

Grand Total Sales \$ _____
