

**PROPANE VENDOR
Tax-free Purchaser Declaration**

VENDOR INFORMATION

Vendor Name: _____ Phone: _____
Address: _____ Fax: _____
_____ Contact Person: _____

DECLARATION

I hereby certify that all of the propane and I (we) have purchased will not be used or sold for purposes that would make it subject to fuel tax in Saskatchewan, as set out in the The Fuel Tax Act, 2000

This retail location does not possess an automotive dispensing system, and does not sell propane into containers capable of holding more than 45.35 kilograms (100 pounds).

I understand that where propane is sold by volume through metering facilities that are normally used to dispense propane for automotive purposes, or sold for delivery into containers capable of holding more than 45.35 kilograms (100 pounds), vendors must pay tax on their propane at the time of purchase, and may apply directly to the Department of Finance for a refund of tax on their exempt sales.

Should automotive dispensing equipment be installed, or should this location begin selling propane in containers capable of holding more than 45.35 kilograms, or for any purpose that would make it subject to Saskatchewan fuel tax, I agree to immediately notify the Department of Finance, and to report and account for all taxes payable.
