Our Future is Wide Open™

Training for Forestry Sector Employment

The FTSC is a sub-committee of the Northern Labour
Market Committee. Funded by Saskatchewan Learning.

Forestry Training Sub-Committee

World Class Industry | Local Opportunity

What the FTSC does

- The Forestry Training Sub-Committee works with industry, training institutions, First Nations organizations, Métis organizations and communities to assist in the development of a skilled workforce for the forestry sector.
- We provide financial assistance to deliver training that is linked to immediate and emerging employment and economic opportunities in the forestry sector.
- In partnership and collaboration with other stakeholders we identify, plan, prioritize and deliver training required by the forest sector.

Who We Are

- We represent a wide cross section of stakeholders throughout Saskatchewan's commercial forest region.
- We are committed to ensuring that appropriate training and education initiatives are in place to ensure the forest industry has a safe, well-trained workforce.
- We are led by industry representatives but have an inclusive membership.

- We believe that forestry employment must reflect the demographic composition of the commercial forest region and are committed to enhancing employment and entrepreneurial opportunities for Métis and First Nations people.

Our Goals

- Maximize employment and economic opportunities for residents of the commercial forest region.
- Enhance economic development potential of communities and businesses in the commercial forest region.
- Enhance the viability and sustainability of the forest industry by developing a skilled workforce.

What can the FTSC do for you?

- We can assist in linking your business to appropriate training programs, services, and organizations.
- We can financially assist with training.
