Bursaries for Nursing Professions

You May be Eligible

Every year, the Government of Saskatchewan offers bursaries to selected Saskatchewan students studying health professions that are in short supply, including nursing, medicine, and allied health disciplines. In exchange, students agree to work in Saskatchewan's publicly funded health system after graduation.

You may be eligible for a Saskatchewan nursing bursary:

- Licensed Practical Nurse
- Registered Nurse
- Registered Psychiatric Nurse
- Nurse Educator
- Primary Care Nurse Practitioner
- Re-entry Nurse
- Advanced Nurse
 - Perioperative
 - Basic Critical Care

Application process

Every year, Saskatchewan Health provides bursary assistance based on current and projected shortages. Bursaries are offered at certain points over the course of the year. **The application deadline for most bursaries is early May.**

Please check the following web page for up-to-date information on bursary availability and application forms: www.health.gov.sk.ca/hhrp_bursaries.html

Note: Application periods and deadlines vary depending on the bursary.

Amount of bursary

Bursary amounts range from \$2,000 to \$10,000 per year for a maximum of two years, depending on the length of program, education level and discipline.

Return-service commitment

In exchange for financial assistance, students sign a return-service agreement to practise in an approved publicly funded front-line position in the province for a specific duration. The length of the return-service requirement for most nursing professions is:*

- In Regina or Saskatoon: 2 years for each year of assistance.
- All other areas of the province: 1 year for each year of assistance.

* Some nursing bursaries have different return-service commitments.
